STRELITZIA

This series has replaced *Memoirs of the Botanical Survey of South Africa* and *Annals of Kirstenbosch Botanic Gardens* which the NBI inherited from its predecessor organisations.

The genus *Strelitzia* occurs naturally in the eastern parts of southern Africa. It comprises three arborescent species, known as wild bananas, and two acaulescent species, known as crane flowers or bird-of-paradise flowers. The logo of the National Botanical Institute is based on the striking inflorescence of *Strelitzia reginae*, a native of the Eastern Cape and KwaZulu-Natal that has become a garden favourite worldwide. It symbolises the commitment of the National Botanical Institute to promote the sustainable use, conservation, appreciation and enjoyment of the exceptionally rich plant life of South Africa, for the benefit of all its people.

1903 CENTENARY YEAR 2003
IN CELEBRATION
OF
THE CENTENARY OF THE NATIONAL HERBARIUM (PRE)* IN 2003 AND
ITS IMMEASURABLE CONTRIBUTIONS TO BOTANY IN SOUTH AFRICA AND FURTHER AFIELD

ABSTRACT

GERMISHUIZEN, G. & MEYER, N.L. (eds) 2003. Plants of southern Africa: an annotated checklist. *Strelitzia* 14.

Southern Africa has the richest temperate flora in the world and encompasses a rich floristic diversity of approximately 24 000 taxa (species and infraspecific taxa) of 368 families, including more than 10% of the world's vascular plant flora on less than 2.5% of the earth's land surface area. Accurate coverage of this remarkable flora has been made possible at the species level through PRECIS (National Herbarium, Pretoria (PRE) Computerised Information System), maintained by the National Botanical Institute. PRECIS includes all indigenous and naturalised plants recorded from the same area as the *Flora of southern Africa* (Namibia, Botswana, South Africa, Swaziland and Lesotho). This book is largely based on PRECIS and includes data on life cycle, life form, height of plant and altitude together with updated information on literature references, synonyms and regional distribution. Families are grouped into seven more or less natural assemblages: Bryophyta, Hepatophyta, Anthocerotophyta, Pteridophyta, Gymnosperms, Dicotyledons and Monocotyledons.

INTRODUCTION

Background

Southern Africa has the richest temperate flora in the world and encompasses a rich floristic diversity of approximately 24 000 taxa (species and infraspecific taxa) of 368 families, including more than 10% of the world's vascular plant flora on less than 2.5% of the earth's land surface area. Accurate coverage of this remarkable flora has been made possible at the species level through PRECIS (National Herbarium, Pretoria (PRE) Computerised Information System), maintained by the National Botanical Institute. PRECIS includes all indigenous and naturalised plants recorded from the same area as the *Flora of southern Africa* (*FSA*): the subcontinent south of the Kunene, Okavango, Zambezi and Limpopo Rivers.

The first list of southern African plants published from PRECIS was the *List of species of southern African plants* (Gibbs Russell *et al.* 1984), which comprised a basic list of names in current use. It was followed by a second edition which appeared in two parts and included synonyms and references to recent literature. Part 1 (Gibbs Russell *et al.* 1985) covered the bryophytes, pteridophytes, gymnosperms and monocotyledons. Part 2 (Gibbs Russell *et al.* 1987) covered the dicotyledons. Updates were listed in *Bothalia* from 1988 to 1991. The third edition in the series, *Plants of southern Africa: names and distribution* edited by T.H. Arnold & B.C. de Wet, appeared in 1993, with regional distribution data as an additional feature.

The current publication, the fourth edition in the series, has been expanded to include data on life cycle, life form, height of plant and altitude together with the updated information on literature references, synonyms and regional distribution. These data are based largely on the herbarium collections of the National Botanical Institute and are therefore inevitably incomplete. They nevertheless provide a useful checklist of the plants of southern Africa.

Changes over ten years

The southern African flora is extremely diverse and many groups are not well known or well documented, with the most recent revisions often going back 50 years or more. When any of these groups are revised, numerous and often radical changes sometimes have to be made, resulting in a relatively high annual incidence of changes in names and concepts. We have compared the numbers of families, genera, species and taxa given ten years ago in Arnold & De Wet (1993) to the numbers reflected in the current work (see Table). Certain names no longer appear in the current list because they are no longer considered relevant to the southern African flora.

TABLE.—Numbers of families, genera, species and taxa (species plus infraspecific taxa) in Arnold & De Wet (1993) and in the current work (2003)

	Families		Genera		Species		Taxa	
	1993	2003	1993	2003	1993	2003	1993	2003
Bryophyta		59		217		546		555
Hepatophyta	94	38	292	90	814	309	817	313
Anthocerotophyta		1		2		7		7
Pteridophyta	28	34	76	88	260	278	282	294
Gymnosperms	7	6	8	10	50	61	52	61
Dicotyledons	177	172	1 710	1 733	16 175	15 653	18 029	17 353
Monocotyledons	47	59	518	499	4 912	4 963	5 323	5 452
Total *FSA*	**353**	**369**	**2 604**	**2 639**	**22 211**	**21 817**	**24 503**	**24 035**

Arrangement and circumscription of families, genera, species and infraspecific taxa

Family, genus and species names and synonyms are given in alphabetical sequence. Current names are in bold. *Synonyms* are printed in *italics*.

Families are primarily grouped into seven more or less natural assemblages: Bryophyta (pp. 1–37); Hepatophyta (pp. 39–61); Anthocerotophyta (pp. 63, 64); Pteridophyta (pp. 65–86); Gymnosperms (pp. 87–90); Dicotyledons (pp.

91–951); and Monocotyledons (pp. 953–1216). The classification of the gymnosperms, dicotyledons and monocotyledons mainly follows Leistner (2000).

A genus name is abbreviated to its initial letter only in that part of the list dealing with that particular genus. Genus names that are used only as synonyms in the *FSA* region are given in italics even if they are considered to be current names outside our area. The seven-digit numbers that follow main genus entries in this work are those used in the PRECIS database of the National Botanical Institute. They do not necessarily reflect phylogenetic relationships between taxa, but are retained as a useful tool for herbarium workers.

A synonym of a species or subspecific name appears twice: in the complete alphabetical listing of names under the genus, and again indented and in smaller type below the accepted name of which it is considered to be a synonym. In the latter case it is followed by one or more literature reference numbers in brackets.

Naturalised taxa are marked with an asterisk before the name.

Author citations

Author citations are according to Brummitt & Powell (1992).

Literature

Most literature entries given in Arnold & De Wet (1993) have been retained. New and other relevant literature have been added. Most titles are given in full. Entries are chronologically arranged.

Floras are cited by the following abbreviations:

CFA	*Conspectus florae angolensis*	*FTA*	*Flora of tropical Africa*
FC	*Flora capensis*	*FTEA*	*Flora of tropical East Africa*
FSA	*Flora of southern Africa*	*FWTA*	*Flora of West tropical Africa*
FSWA	*Prodromus einer Flora von Südwestafrika*	*FZ*	*Flora zambesiaca*

Examples of species information

Life cycle: Annual, biennial or perennial.

Life form: Bryophyte, climber, dwarf shrub, epiphyte, geophyte, graminoid, herb, hydrophyte, lithophyte, parasite, scrambler, shrub, succulent, suffrutex or tree.

Height of plant: Ht x–xx mm/m, up to xx mm/m or ± xx mm/m.

Altitude where plants occur, if known: Alt xx–xxxx m, up to xxxx m or ± xxxx m.

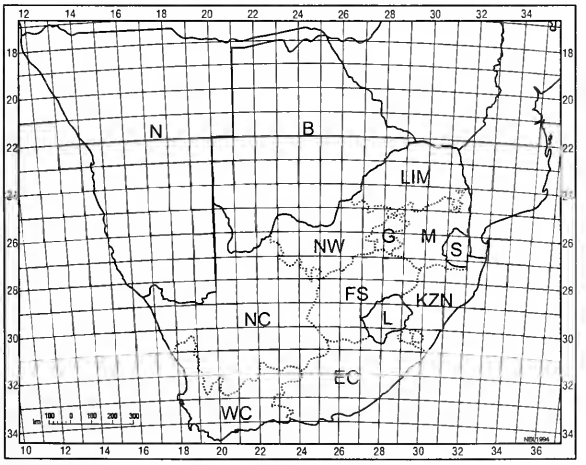
Distribution: Countries and RSA provinces abbreviated and given in the following order (see Map): N, B, LIM, NW, G, M, S, FS, KZN, L, NC, WC, EC. Where current distribution records are unknown because of old herbarium collections with incomplete information, abbreviations of old province are given, for example Cape Province ('CP') and Transvaal ('TV' or 'Tvl'), or South Africa ('SA') and Republic of South Africa ('RSA').

Index

The Index guides the reader to the main entries of genera and families.

Authorship

Most compilers of this work are staff of one of the three herbaria of the National Botanical Institute, namely the Compton Herbarium, National Herbarium and Natal Herbarium. The following persons from outside the Institute contributed: Dr Peter Bruyns of the Bolus Herbarium, University of Cape Town; Mr Ingo Breuer, Germany; Prof. Christopher Cook formerly of the Botanical Garden and Institute for Systematic Botany, University of Zürich; Mr Tony Dold, of the Selmar Schonland Herbarium, Rhodes University; Mr Neil J. Griffin of the International Ocean Institute of Southern Africa, University of the Western Cape; Dr Leanne Dreyer of the Botany Department, University of Stellenbosch; Dr Peter Goldblatt of the Missouri Botanical Garden, St Louis; Dr Cornelia Klak of the Bolus Herbarium, University of Cape Town; Eric B. Knox of the Depart-



MAP.—Countries and current RSA provinces referred to in this work: Namibia (N), Botswana (B), Limpopo Province (LIM), North-West Province (NW), Gauteng Province (G), Mpumalanga Province (M), Swaziland (S), Free State Province (FS), KwaZulu-Natal Province (KZN), Lesotho (L), Northern Cape Province (NC), Western Cape Province (WC), Eastern Cape Province (EC).

ment of Biology, Indiana University, Bloomington, USA; Ms Anna Moteetee of the Botany Department, Rand Afrikaans University; Dr Ashley Nicholas of the Botany Department, University of Durban-Westville; Dr Peter Phillipson, Paris; Mr Marcus Quint, Germany; Dr Pat Tilney of the Botany Department, Rand Afrikaans University; Prof. Ben-Erik van Wyk of the Botany Department, Rand Afrikaans University; Prof. Johan Venter of the Department of Botany and Genetics, University of the Free State; and Dr Graham Williamson, Bergvliet, Cape Town.

Editors' acknowledgements

We sincerely thank the Executive of the National Botanical Institute, specifically Prof. Brian Huntley and Prof. Gideon Smith, for the opportunity to edit this work. We thank Hannelie Snyman and Carole de Wet of IT Management, Pretoria, for help with downloading the PRECIS information and for easy access to and upkeep of PRECIS. The Publications Section of the NBI played a crucial role in the production of the work and saw it through the press: Emsie du Plessis is thanked for preparing all the text for typesetting; she also saw to it that compilers received their contributions for proof-reading and carefully transferred their corrections onto copies for the typesetter; she painstakingly compiled the index. Sarie Brink typeset the entire book. Sandra Turck designed the striking cover; we had only one request—it had to be a 'Black Book', in the tradition of its predecessor! Louisa Liebenberg gave us support throughout and handled the budget for production of the book. We are indebted to Dr Otto Leistner for his initial input as editor during the early stages of the project and for his invaluable advice to our team. Marinda Koekemoer, Curator of the National Herbarium, is thanked for co-ordinating initial information and progress sessions for compilers at the Herbarium. Support given by the staff of the Mary Gunn and Harry Molteno Libraries is much appreciated. We thank all collaborators, especially those from outside the Institute listed above. We are also most grateful to various other non-NBI colleagues who supplied information or assisted our compilers in some way. A special word of thanks to Herbarium assistants and other Herbarium staff who helped in various ways to collate much of the information. Lyn Fish and Jacques van Rooy are thanked for acting as couriers between one of us (N.L.M.) and the National Herbarium.

G. Germishuizen & N.L. Meyer
Pretoria, September 2003

Definitions of life forms

To assist the reader, we include the following definitions of a selection of some lesser known life form terms (mostly R. Glen, pers. comm.):

Carnivore: a plant that can utilise proteins and minerals obtained from trapped animals, mostly insects.
Cyperoid: a term used for members of the Cyperaceae family.
Epihydate: a plant with leaves and/or stems floating on the surface of the water but not rising above the water, roots penetrating the substrate.
Epiphyte: a plant that grows on another plant but without deriving nourishment from it and not parasitic, as some ferns and orchids growing on trees.
Geophyte: a perennial plant, usually herbaceous, with renewal buds located on the plant below the soil surface, as on bulbs or rhizomes.
Graminoid: a term used for members of the grass family, Poaceae.
Haptophyte: a plant that is attached to but not penetrating a solid substrate.
Helophyte: a plant typical of marshy or lake-edge environments, in which the perennating organ lies in soil or mud below the water level, but the aerial shoots protrude above the water.
Hydrophyte: a plant that is morphologically and/or physiologically adapted to grow in water or very wet environments.
Hyperhydate: an emergent plant, with leaves and/or stems emerging well beyond the water surface, roots penetrating the substrate.
Lignotuber: a woody swelling below or just above the ground, containing adventitious buds from which new shoots develop if the top is cut or burnt.
Lithophyte: a plant that grows on rocks.
Mallee: any of several low, shrubby eucalyptus trees that flourish in desert regions of Australia.
Parasite: a plant living on another plant and deriving nourishment from it.
Plankton: plants that are completely submerged, not attached to any substrate.
Pleustophyte: a plant that is free-floating on the water surface, not attached to or penetrating the substrate, with some photosynthetic parts in contact with air.
Restioid: a term used for members of the Restionaceae family.
Rheophyte: a flood-resistant plant that is confined to the beds of swift-flowing streams or rivers and to adjacent floodplains.
Rosulate: with leaves borne in a rosette.
Sudd hydrophyte: an aquatic plant that grows rooted in sudd (an impenetrable mass of floating vegetable matter).
Tenagophyte: an amphibious plant, the juvenile submerged or floating on water and the adult (reproductive) phase terrestrial.
Vittate: pertaining to submerged plants, rooted in substrate, leaves arranged along elongated stem.

Tortula exesa (Müll.Hal.) Broth. (2, 6)
Tortula fragilis Taylor (5)
Tortula hildebrandtii (Müll.Hal.) Broth. (2, 6)
Tortula irregularis Sim (2, 6)
Tortula macowaniana (Müll.Hal.) Broth. (2, 6)
Tortula oranica (Müll.Hal.) Broth. (2, 6)
Tortula schmidii (Müll.Hal.) Broth. (1, 6)
Perennial. Bryophyte, epiphyte. Ht 10–15 mm. Alt 25–2900 m. N, LIM, M, S, FS, KZN, L, NC, WC, EC

leucostega (Müll.Hal.) R.H.Zander var. **leucostega**
Tortula afroruralis (Müll.Hal.) Broth. (4, 6)
Tortula leucostega (Müll.Hal.) Broth. var. *leucostega* (6)
Perennial. Bryophyte. Ht? Alt 250–2600 m. M, FS, L, NC, WC

leucostega (Müll.Hal.) R.H.Zander var. **trachyneura** (Dixon) R.H.Zander

Tortula leucostega (Müll.Hal.) Broth. var. *trachyneura* (Dixon) W.A.Kramer (6)
Perennial. Bryophyte. Ht? Alt 50–1700 m. M, FS, NC, WC, EC

magilliana L.E.Anderson
Perennial. Bryophyte. Ht 5–7 mm. Alt ± 600 m. NC

norvegica F.Weber var. **norvegica**
Tortula norvegica (F.Weber) Lindb. var. *norvegica* (6)
Perennial. Bryophyte. Ht? Alt 2550–2900 m. FS, KZN, L

pagorum (Milde) J.J.Amann
Tortula pagorum (Milde) De Not. (6)
Perennial. Bryophyte, epiphyte. Ht 2–4 mm. Alt 10–2450 m. LIM, NW, G, M, S, KZN, L, NC, WC, EC

papillosa (Wilson) Jur.
Tortula papillosa Wilson (6)
Tortula reticularia (Müll.Hal.) Broth. (2, 6)
Perennial. Bryophyte, epiphyte. Ht 2–8 mm. Alt 300–2100 m. N, FS, KZN, L, WC, EC

princeps (De Not.) Mitt.
Tortula muelleri Hook.f. & Wilson, illegitimate name (2, 6)
Tortula princeps De Not. (6)
Perennial. Bryophyte. Ht 10–30 mm. Alt ± 1650–2900 m. KZN, NC, WC, EC

rubella (Hook. & Wilson) R.H.Zander
Tortula rubella Hook. & Wilson (6)
Perennial. Bryophyte, occ. epiphyte. Ht? Alt ± 15 m. WC

ruralis (Hedw.) F.Weber & D.Mohr
Tortula ruralis (Hedw.) P.Gaertn., B.Mey. & Scherb. (6)
Tortula trachyneura Dixon (2, 6)
Perennial. Bryophyte. Ht 5–15 mm. Alt ± 150–3100 m. M, FS, KZN, L, NC, WC, EC

brachycarpum (Hampe) Broth.

Perennial. Bryophyte, epiphyte. Length 10–40 mm. Alt up to 1900 m. LIM, NW, G, M, S, FS, KZN, L, WC, EC

caespitosum (Hedw.) Mitt. = **S. subpinnatum**

dregei (Müll.Hal.) Magill
Rhaphidorrhynchium dregei (Müll.Hal.) Broth. (2)

Perennial. Bryophyte, epiphyte. Length 20–30 mm. Alt 91–2400 m. LIM, M, S, KZN, WC, EC

gueinzii (Hampe) Magill
Rhaphidorrhynchium gueinzii (Hampe) Broth. (2)

Perennial. Bryophyte, epiphyte. Length up to 50 mm. Alt 30–2000 m. LIM, M, S, FS, KZN, WC, EC

sphaeropyxis (Müll.Hal.) Broth.

Perennial. Bryophyte, epiphyte. Length 10–40 mm. Alt up to 1800 m. LIM, NW, G, M, S, KZN, WC, EC

subpinnatum (Brid.) E.Britton
S. caespitosum (Hedw.) Mitt. (3, 4)

Perennial. Bryophyte, epiphyte. Length 25–75 mm. Alt up to 2100 m. LIM, NW, G, M, S, FS, KZN, L, WC, EC

wageri C.H.Wright ex Wager

Perennial. Bryophyte, occ. epiphyte. Length ± 12 mm. Alt ± 1600 m. NW, M, S, KZN, WC

zuluense (Sim) Magill
Rhaphidorrhynchium zuluense Sim (2)

Perennial. Bryophyte, epiphyte. Length 25–38 mm. Alt 300–1700 m. M, KZN, WC

(2) Wigginton & Grolle. 1996. *Bryophytorum Bibliotheca* 50: 42, 43.

hirtellus (F.Weber) Mitt.
Perennial. Bryophyte, occ. epiphyte. Length up to 80 mm. Alt 1580–2490 m. M

CRYPTOCHILA R.M.Schust. 9782200

(1) Arnell. 1963. *Hepaticae of South Africa*: 322, 323.
(2) Wigginton & Grolle. 1996. *Bryophytorum Bibliotheca* 50: 65.

grandiflora (Lindenb. & Gottsche) Grolle
Jamesoniella grandiflora (Lindenb. & Gottsche) Steph. (1, 2)
Perennial. Bryophyte. Length 40–80 mm. Alt 1700–3000 m. KZN, WC

GYMNOCOLEOPSIS (R.M.Schust.) R.M.Schust. 9782300

(1) Arnell. 1963. *Hepaticae of South Africa*: 358–360.
(2) Wigginton & Grolle. 1996. *Bryophytorum Bibliotheca* 50: 96.

capensis (S.W.Arnell) R.M.Schust.
Lophozia capensis S.W.Arnell (1, 2)
Perennial. Bryophyte. Length up to 2 mm. Alt 300–350 m. WC

JAMESONIELLA (Spruce) Carrington 9723800

(1) Arnell. 1963. *Hepaticae of South Africa*: 319–324.
(2) Wigginton & Grolle. 1996. *Bryophytorum Bibliotheca* 50: 103, 104.

colorata (Lehm.) Schiffn.
J. oenops (Lindenb. & Gottsche) Steph. (2)
Perennial. Bryophyte. Length up to 100 mm. Alt 400–1200 m. KZN, WC

grandiflora (Lindenb. & Gottsche) Steph. = **Cryptochila grandiflora**

oenops (Lindenb. & Gottsche) Steph. = **J. colorata**

purpurascens Steph.
J. rehmannii Steph. (2)
Perennial. Bryophyte. Length up to 60 mm. Alt ± 480 m. WC

rehmannii Steph. = **J. purpurascens**

JUNGERMANNIA L. 9723900

(1) Arnell. 1963. *Hepaticae of South Africa*: 316–319.

ankefinensis Gottsche
R. holstiana Steph. (6)
Perennial. Bryophyte, occ. epiphyte. Length up to 20 mm. Alt 500–1450 m. LIM, M, S, KZN, WC, EC

boryana (F.Weber) Nees
R. tamariscina Mitt. (6)
R. thomeensis Steph. (4)
Perennial. Bryophyte, occ. epiphyte. Length up to 100 mm. Alt 600–2100 m. LIM, M, KZN, WC, EC

capensis Steph. = **R. lindenbergiana**

commutata Gottsche = **R. lindenbergiana**

comorensis Steph.
Perennial. Bryophyte. Length up to 40 mm. Alt ± 2400 m. L

delessertii Steph. = **R. voluta**

fulvifolia (Hook.f. & Taylor) Gottsche, Lindenb. & Nees
R. meyeri Steph. (6)
Perennial. Bryophyte, occ. epiphyte. Length up to 10 mm. Alt 920–1200 m. M, WC, EC

holstiana Steph. = **R. ankefinensis**

lindenbergiana Gottsche
R. capensis Steph. (4)
R. commutata Gottsche (4)
Perennial. Bryophyte, occ. epiphyte. Length up to 30 mm. Alt 200–2100 m. S, KZN, L, WC, EC

macroloba Steph. = **R. voluta**

meyeri Steph. = **R. fulvifolia**

quadrata Gottsche
R. recurvifolia Steph. (4)
Perennial. Bryophyte, occ. epiphyte. Length up to 50 mm. Alt ± 2100 m. KZN

recurvifolia Steph. = **R. quadrata**

stenocalyx Mont.
R. tubiflora Steph., as '*tubaeflora*' (2)
R. vaginata Steph. (1, 2)
Perennial. Bryophyte, occ. epiphyte. Length 20–30 mm. Alt 620–1390 m. KZN, WC, EC

stipatiflora Steph. = **R. voluta**

tabularis Steph.
Perennial. Bryophyte, occ. epiphyte. Length up to 40 mm. Alt 500–1000 m. WC

tamariscina Mitt. = **R. boryana**

thomeensis Steph. = **R. boryana**

tubiflora Steph., as '*tubaeflora*' = **R. stenocalyx**

vaginata Steph. = **R. stenocalyx**

voluta Taylor ex Gottsche, Lindenb. & Nees
R. delessertii Steph. (6)
R. macroloba Steph. (6)
R. stipatiflora Steph. (6)
Perennial. Bryophyte, epiphyte. Length up to 20 mm. Alt 1120–2150 m. M, KZN, EC

SCHIZAEA Sm. 0126800

(1) Schelpe. 1970. *FZ* Pteridophyta: 52.
(2) Jacobsen. 1983. *The ferns and fern allies of southern Africa*: 172–174.
(3) Schelpe & Anthony. 1986. *FSA* Pteridophyta: 49–51.
(4) Burrows. 1990. *Southern african ferns and fern allies*: 56–58.
(5) Retief & Herman. 1997. *Strelitzia* 6: 29.
(6) Roux. 2000. In Goldblatt & Manning, *Strelitzia* 9: 48.
(7) Roux. 2001. *Southern African Botanical Diversity Network Report* No. 13: 49.

pectinata (L.) Sw.
Perennial. Herb, geophyte, lithophyte. Ht 200–400 mm. Alt 46–1500 m. LIM, M, S, KZN, WC, EC

tenella Kaulf.
Perennial. Herb, geophyte, lithophyte. Ht 150–250 mm. Alt 245–1350 m. LIM, M, KZN, WC, EC

SELAGINELLACEAE

Compiled by J.P. Roux

SELAGINELLA P.Beauv. 0113200

(1) Schelpe. 1970. *FZ* Pteridophyta: 22–29.
(2) Jacobsen. 1983. *The ferns and fern allies of southern Africa*: 142–150.
(3) Schelpe & Anthony. 1986. *FSA* Pteridophyta: 15–21.
(4) Burrows. 1990. *Southern African ferns and fern allies*: 21–29.
(5) Retief & Herman. 1997. *Strelitzia* 6: 29.
(6) Roux. 2000. In Goldblatt & Manning, *Strelitzia* 9: 49.
(7) Roux. 2001. *Southern African Botanical Diversity Network Report* No. 13: 24–28.

caffrorum (Milde) Hieron.
Perennial. Herb, geophyte, lithophyte. Ht 5–10 mm. Alt 0–2000 m. LIM, G, M, FS, KZN, L, WC, EC

dregei (C.Presl) Hieron.
S. grisea Alston (1)
Perennial. Herb, geophyte, lithophyte. Ht 5–10 mm. Alt 200–1900 m. B, LIM, G, M, S, FS, KZN, L, EC

grisea Alston = **S. dregei**

imbricata (Forssk.) Spring ex Decne.
Perennial. Herb, geophyte, lithophyte. Ht 10–250 mm. Alt 450–2100 m. N, S, FS, KZN, L

kraussiana (Kunze) A.Braun
Perennial. Herb, geophyte, lithophyte. Ht 20–60 mm. Alt 30–1300 m. LIM, NW, M, S, KZN, WC, EC

mittenii Baker
Perennial. Herb, geophyte, lithophyte. Ht 5–10 mm. Alt 100–2050 m. LIM, G, M, S, FS, KZN, L, EC

nivea Alston
Perennial. Herb, geophyte. Ht 5–10 mm. Alt 200–400 m. B

njam-njamensis Hieron.
Perennial. Herb, geophyte. Ht 5–10 mm. Alt 400–600 m. B

pygmaea (Kaulf.) Alston
Annual. Herb, geophyte. Ht 20–80 mm. Alt 50–700 m. WC, EC

TECTARIACEAE

Compiled by J.P. Roux

CTENITIS (C.Chr.) C.Chr. 0192300

lanuginosa (Willd. ex Kaulf.) Copel. = **Megalastrum lanuginosum**

MEGALASTRUM Holttum 0192400

(1) Holttum. 1987. *Gardens' Bulletin of the Straits Settlements* 39: 153–167.
(2) Roux. 2001. *Southern African Botanical Diversity Network Report* No. 13: 135.

lanuginosum (Willd. ex Kaulf.) Holttum
Ctenitis lanuginosa (Willd. ex Kaulf.) Copel. (1)
Perennial. Herb, geophyte. Ht 0.76–2.5 m. Alt 100–1675 m. LIM, G, M, S, KZN, WC, EC

TECTARIA Cav. 0191700

(1) Schelpe. 1970. *FZ* Pteridophyta: 234, 235.
(2) Jacobsen. 1983. *The ferns and fern allies of southern Africa*: 456, 457.
(3) Schelpe & Anthony. 1986. *FSA* Pteridophyta: 265.
(4) Burrows. 1990. *Southern African ferns and fern allies*: 324, 325.
(5) Retief & Herman. 1997. *Strelitzia* 6: 13.
(6) Roux. 2001. *Southern African Botanical Diversity Network Report* No. 13: 132, 133.

gemmifera (Fée) Alston
Perennial. Herb, geophyte. Ht 0.9–1.21 m. Alt 250–1200 m. LIM, M, S, KZN

THELYPTERIDACEAE

Compiled by J.P. Roux

AMAUROPELTA Kunze 0182800

(1) Holttum. 1974. *Journal of South African Botany* 40: 130–136.
(2) Jacobsen. 1983. *The ferns and fern allies of southern Africa*: 382–386.
(3) Roux. 2000. In Goldblatt & Manning, *Strelitzia* 9: 49.
(4) Roux. 2001. *Southern African Botanical Diversity Network Report* No. 13: 115, 116.

bergiana (Schltdl.) Holttum
Thelypteris bergiana (Schltdl.) Ching (1)
Perennial. Herb, geophyte, lithophyte. Ht 0.3–1 m. Alt 137–1500 m. LIM, M, S, KZN, WC, EC

knysnaensis (N.C.Anthony & Schelpe) Parris
Thelypteris knysnaensis N.C.Anthony & Schelpe (3)
Perennial. Herb, geophyte, lithophyte. Ht 300–500 mm. Alt 200–600 m. WC

oppositiformis (C.Chr.) Holttum
Thelypteris oppositiformis (C.Chr.) Ching (1)
Perennial. Herb, geophyte. Ht 200–500 mm. Alt 1400–1600 m. M

AMPELOPTERIS Kunze 0181000

(1) Holttum. 1974. *Journal of South African Botany* 40: 153.
(2) Schelpe. 1970. *FZ* Pteridophyta: 200–202.
(3) Schelpe & Anthony. 1986. *FSA* Pteridophyta: 220, 221.
(4) Burrows. 1990. *Southern African ferns and fern allies*: 270–272.
(5) Retief & Herman. 1997. *Strelitzia* 6: 30.
(6) Roux. 2001. *Southern African Botanical Diversity Network Report* No. 13: 113, 114.

prolifera (Retz.) Copel.
Thelypteris prolifera (Retz.) P.J.Vorster (3)
Perennial. Herb, hydrophyte. Ht 0.6–2 m. Alt 185–1200 m. LIM, M, S, KZN

CHRISTELLA H.Lév. 0187600

(1) Holttum. 1974. *Journal of South African Botany* 40: 139–148.
(2) Jacobsen. 1983. *The ferns and fern allies of southern Africa*: 386–393.
(3) Roux. 2000. In Goldblatt & Manning, *Strelitzia* 9: 49.
(4) Roux. 2001. *Southern African Botanical Diversity Network Report* No. 13: 118–121.

altissima Holttum
Thelypteris altissima (Holttum) P.J.Vorster (4)
Perennial. Herb, geophyte. Ht 1.5–2 m. Alt 10–800 m. LIM, KZN

buchananii (Schelpe) J.P.Roux
Thelypteris dentata (Forssk.) E.P.St.John var. *buchananii* Schelpe (4)
Perennial. Herb, geophyte. Ht 0.5–1.6 m. Alt 1000–1200 m. KZN

chaseana (Schelpe) Holttum
Thelypteris chaseana Schelpe (1)
Perennial. Herb, geophyte. Ht 250–760 mm. Alt 1000–1650 m. LIM, M

dentata (Forssk.) Holttum
Thelypteris dentata (Forssk.) E.P.St.John (1)
Perennial. Herb, geophyte. Ht 0.3–1.6 m. Alt 15–1500 m. LIM, G, M, S, KZN, EC

gueinziana (Mett.) Holttum
Thelypteris gueinziana (Mett.) Schelpe (1)
Perennial. Herb, geophyte, lithophyte. Ht 500–950 mm. Alt 50–1500 m. LIM, NW, M, S, KZN, WC, EC

hispidula (Decne.) Holttum
Thelypteris hispidula (Decne.) Reed (1)
Perennial. Herb, geophyte. Ht 350–700 mm. Alt 1000–1200 m. S, KZN

CYCLOSORUS Link 0182500

(1) Holttum. 1974. *Journal of South African Botany* 40: 151–153.
(2) Jacobsen. 1983. *The ferns and fern allies of southern Africa*: 396–398.
(3) Roux. 2000. In Goldblatt & Manning, *Strelitzia* 9: 49.
(4) Roux. 2001. *Southern African Botanical Diversity Network Report* No. 13: 114, 115.

interruptus (Willd.) H.Itô
Thelypteris interrupta (Willd.) K.Iwats. (1)
Thelypteris totta (Thunb.) Schelpe (1)
Perennial. Herb, hydrophyte. Ht 0.4–1.6 m. Alt 10–1300 m. N, B, LIM, M, S, KZN, WC, EC

*MACROTHELYPTERIS (H.Itô) Ching 0182200

(1) Holttum. 1974. *Journal of South African Botany* 40: 126, 127.
(2) Jacobsen. 1983. *The ferns and fern allies of southern Africa*: 381, 382.
(3) Schelpe & Anthony. 1986. *FSA* Pteridophyta: 219, 220.
(4) Burrows. 1990. *Southern African ferns and fern allies*: 272, 273.
(5) Roux. 2001. *Southern African Botanical Diversity Network Report* No. 13: 114.

torresiana (Gaudich.) Ching
Perennial. Herb, geophyte. Ht 1.5–1.6 m. Alt 30–400 m. KZN

PNEUMATOPTERIS Nakai 0187300

(1) Holttum. 1974. *Journal of South African Botany* 40: 154–161.
(2) Jacobsen. 1983. *The ferns and fern allies of southern Africa*: 399, 400.
(3) Roux. 2001. *Southern African Botanical Diversity Network Report* No. 13: 118.

unita (Kunze) Holttum
Thelypteris madagascariensis (Fée) Schelpe (1)
Perennial. Herb, geophyte, lithophyte. Ht 0.8–1.8 m. Alt 200–1800 m. LIM, M, S, KZN, EC

PSEUDOCYCLOSORUS Ching 0182600

(1) Holttum. 1974. *Journal of South African Botany* 40: 137–139.
(2) Jacobsen. 1983. *The ferns and fern allies of southern Africa*: 384–386.
(3) Roux. 2001. *Southern African Botanical Diversity Network Report* No. 13: 115.

pulcher (Bory ex Willd.) Holttum
Thelypteris pulchra (Bory ex Willd.) Schelpe (3)
Perennial. Herb, geophyte. Ht 200–600 mm. Alt 900–1000 m. M

STEGNOGRAMMA Blume 0186700

(1) Holttum. 1974. *Journal of South African Botany* 40: 148–150.
(2) Jacobsen. 1983. *The ferns and fern allies of southern Africa*: 393–395.
(3) Roux. 2000. In Goldblatt & Manning, *Strelitzia* 9: 49.
(4) Roux. 2001. *Southern African Botanical Diversity Network Report* No. 13: 117.

pozoi (Lag.) K.Iwats.
Thelypteris pozoi (Lag.) Morton (4)
Perennial. Herb, geophyte, lithophyte. Ht 200–400 mm. Alt 50–1200 m. LIM, M, S, KZN, WC, EC

THELYPTERIS Schmidel 0183100

(1) Launert. 1969. *FSWA* 10: 1.
(2) Holttum. 1974. *Journal of South African Botany* 40: 150, 151.
(3) Jacobsen. 1983. *The ferns and fern allies of southern Africa*: 395, 396.
(4) Schelpe & Anthony. 1986. *FSA* Pteridophyta: 207–219.
(5) Burrows. 1990. *Southern African ferns and fern allies*: 258–272.
(6) Retief & Herman. 1997. *Strelitzia* 6: 30.
(7) Roux. 2000. In Goldblatt & Manning, *Strelitzia* 9: 50.
(8) Roux. 2001. *Southern African Botanical Diversity Network Report* No. 13: 116, 117.

altissima (Holttum) P.J.Vorster = **Christella altissima**
bergiana (Schltdl.) Ching = **Amauropelta bergiana**
chaseana Schelpe = **Christella chaseana**
confluens (Thunb.) Morton
Perennial. Herb, geophyte, hydrophyte. Ht 300–450 mm. Alt 5–1829 m. N, B, LIM, NW, G, M, S, KZN, WC, EC
dentata (Forssk.) E.P.St.John = **Christella dentata**
dentata (Forssk.) E.P.St.John var. *buchananii* Schelpe = **Christella buchananii**
gueinziana (Mett.) Schelpe = **Christella gueinziana**
hispidula (Decne.) Reed = **Christella hispidula**
interrupta (Willd.) K.Iwats. = **Cyclosorus interruptus**
knysnaensis N.C.Anthony & Schelpe = **Amauropelta knysnaensis**
madagascariensis (Fée) Schelpe = **Pneumatopteris unita**
oppositiformis (C.Chr.) Ching = **Amauropelta oppositiformis**
pozoi (Lag.) F.Morton = **Stegnogramma pozoi**
prolifera (Retz.) P.J.Vorster = **Ampelopteris prolifera**
pulchra (Bory ex Willd.) Schelpe = **Pseudocyclosorus pulcher**
totta (Thunb.) Schelpe = **Cyclosorus interruptus**

VITTARIACEAE

Compiled by J.P. Roux

VITTARIA Sm. 0144300

(1) Schelpe. 1970. *FZ* Pteridophyta: 94–96.
(2) Jacobsen. 1983. *The ferns and fern allies of southern Africa*: 213–216.
(3) Schelpe & Anthony. 1986. *FSA* Pteridophyta: 89, 90.
(4) Burrows. 1990. *Southern African ferns and fern allies*: 108–112.

(6) Roux. 2000. In Goldblatt & Manning, *Strelitzia* 9: 50.
(7) Roux. 2001. *Southern African Botanical Diversity Network Report* No. 13: 82–84.

isoetifolia Bory
Perennial. Herb, epiphyte. Ht 50–900 mm. Alt 200–1200 m. LIM, M, S, KZN, WC, EC

WOODSIACEAE

Compiled by J.P. Roux

ATHYRIUM Roth 0194100

(1) Schelpe. 1970. *FZ* Pteridophyta: 202–204.
(2) Jacobsen. 1983. *The ferns and fern allies of southern Africa*: 403–406.
(3) Schelpe & Anthony. 1986. *FSA* Pteridophyta: 221–225.
(4) Burrows. 1990. *Southern African ferns and fern allies*: 273, 274.
(5) Retief & Herman. 1997. *Strelitzia* 6: 16.

(6) Roux. 2001. *Southern African Botanical Diversity Network Report* No. 13: 136, 137.

scandicinum (Willd.) C.Presl
Perennial. Herb, geophyte. Ht 300–600 mm. Alt 400–1500 m. LIM, M, S, FS, KZN

schimperi Moug. ex Fée
Perennial. Herb, geophyte. Ht 250–700 mm. Alt 500–1600 m. M, KZN, EC

CYSTOPTERIS Bernh. 0195100

(1) Jacobsen. 1983. *The ferns and fern allies of southern Africa*: 402, 403.
(2) Schelpe & Anthony. 1986. *FSA* Pteridophyta: 229, 230.
(3) Burrows. 1990. *Southern African ferns and fern allies*: 279, 280.
(4) Roux. 2000. In Goldblatt & Manning, *Strelitzia* 9: 16.
(5) Roux. 2001. *Southern African Botanical Diversity Network Report* No. 13: 139.

fragilis (L.) Bernh.
Perennial. Herb, geophyte. Ht 100–180 mm. Alt 1000–2500 m. LIM, M, FS, KZN, L, WC, EC

*DEPARIA Hook. & Grev. 0194700

(1) Roux. 2001. *Southern African Botanical Diversity Network Report* No. 13: 138, 139.

japonica (Thunb.) M.Kato
Lunathyrium japonicum (Thunb.) Sa.Kurata (1)
Perennial. Herb, geophyte, lithophyte. Ht 250–400 mm. Alt 50–1100 m. M, S, KZN

DIPLAZIUM Sw. 0194300

(1) Schelpe. 1970. *FZ* Pteridophyta: 204, 205.
(2) Jacobsen. 1983. *The ferns and fern allies of southern Africa*: 408–410.
(3) Schelpe & Anthony. 1986. *FSA* Pteridophyta: 227.
(4) Burrows. 1990. *Southern African ferns and fern allies*: 276–278.
(5) Retief & Herman. 1997. *Strelitzia* 6: 16.
(6) Roux. 2001. *Southern African Botanical Diversity Network Report* No. 13: 137, 138.

***esculentum** (Retz.) Sw.
Perennial. Herb, geophyte. Ht 1–2 m. Alt 300–500 m. KZN

zanzibaricum (Baker) C.Chr.
Perennial. Herb, geophyte. Ht 1–2 m. Alt 1000–1200 m. LIM, M

HYPODEMATIUM Kunze 0195400

(1) Schelpe. 1970. *FZ* Pteridophyta: 230.
(2) Jacobsen. 1983. *The ferns and fern allies of southern Africa*: 451, 452.
(3) Schelpe & Anthony. 1986. *FSA* Pteridophyta: 263.
(4) Burrows. 1990. *Southern African ferns and fern allies*: 320–322.
(5) Retief & Herman. 1997. *Strelitzia* 6: 12.
(6) Roux. 2001. *Southern African Botanical Diversity Network Report* No. 13: 139, 140.

crenatum (Forssk.) Kuhn var. **crenatum**
Perennial. Herb, lithophyte. Ht 70–200 mm. Alt 1000–1200 m. M

LUNATHYRIUM Koidz. 0194900

japonicum (Thunb.) Sa.Kurata = **Deparia japonica**

WOODSIA R.Br. 0195500

(1) Jacobsen. 1983. *The ferns and fern allies of southern Africa*: 430–432.
(2) Schelpe & Anthony. 1986. *FSA* Pteridophyta: 240, 241.
(3) Burrows. 1990. *Southern African ferns and fern allies*: 297, 298.
(4) Retief & Herman. 1997. *Strelitzia* 6: 13.
(5) Roux. 2001. *Southern African Botanical Diversity Network Report* No. 13: 140.

angolensis Schelpe
Perennial. Herb, geophyte. Ht 200–360 mm. Alt 1400–1600 m. LIM, M, KZN

montevidensis (Spreng.) Hieron.
W. montevidensis (Spreng.) Hieron. var. *burgessiana* (Gerrard ex Hook. & Baker) Schelpe (5)
Perennial. Herb, geophyte, lithophyte. Ht 150–300 mm. Alt 1500–2000 m. FS, KZN, L, EC

montevidensis (Spreng.) Hieron. var. *burgessiana* (Gerrard ex Hook. & Baker) Schelpe = **W. montsevidensis**

macrochila Schltr. = **Pachycarpus macrochilus**

macropus (Schltr.) Schltr.
Gomphocarpus macropus Schltr. (2)
Perennial. Geophytic herb. Ht 150–400 mm. Alt 900–2000 m. M, FS, KZN, EC

margaritacea Hoffmanns. = **A. curassavica**

meliodora (Schltr.) Schltr.
A. meliodora (Schltr.) Schltr. var. *brevicoronata* N.E.Br. (12)
A. meliodora (Schltr.) Schltr. var. *meliodora* (12)
Gomphocarpus meliodorus Schltr. (2)
Perennial. Geophytic herb. Ht 30–120 mm. Alt 150–2150 m. B, LIM, NW, G, M, S, KZN

meliodora (Schltr.) Schltr. var. *brevicoronata* N.E.Br. = **A. meliodora**

meliodora (Schltr.) Schltr. var. *meliodora* = **A. meliodora**

meyeriana (Schltr.) Schltr.
Gomphocarpus meyerianus Schltr. (2)
Lagarinthus revolutus E.Mey. var. *minor* E.Mey. (2)
Perennial. Geophytic herb. Ht 100–260 mm. Alt 800–1500 m. NW, G, S, FS, KZN, L, NC, EC

microphylla Roth = **Pentatropis capensis**

microphylla Roxb., naked name = **Pentatropis capensis**

monticola N.E.Br.
Perennial. Geophytic herb. Ht 50–130 mm. Alt ± 2000 m. EC

mucronata Thunb. = **Woodia mucronata**

multicaulis (E.Mey.) Schltr.
A. depressa (Schltr.) Schltr. (12)
Gomphocarpus depressus Schltr. (12)
Gomphocarpus multicaulis (E.Mey.) D.Dietr. (2)
Lagarinthus multicaulis E.Mey. (2)
Perennial. Geophytic herb. Ht 80–150 mm. Alt 1200–2200 m. G, M, FS, KZN, L, EC

multiflora (Decne.) N.E.Br.
Gomphocarpus multiflorus Decne. (1)
Perennial. Herb. Ht? Alt? Distr.?

nana I.Verd.
Perennial. Geophytic herb. Ht ± 110 mm. Alt ± 1360 m. LIM

navicularis (E.Mey.) Schltr.
Gomphocarpus navicularis (E.Mey.) D.Dietr. (2)
Lagarinthus navicularis E.Mey. (2)
Perennial. Geophytic herb. Ht 105–290 mm. Alt 20–900 m. EC

navicularis (E.Mey.) Schltr. var. *compressidens* N.E.Br. = **A. compressidens**

nivea L. var. *curassavica* (L.) Kuntze = **A. curassavica**

nuda Schumach. & Thonn. = **Sarcostemma viminale** subsp. **viminale**

nutans (Klotzsch) N.E.Br. = **Gomphocarpus tomentosus** subsp. **tomentosus**

ochroleuca (Schltr.) Schltr. = **Xysmalobium gerrardii**

orbicularis (E.Mey.) Schltr. = **Xysmalobium orbiculare**

oreophila Nicholas
Perennial. Geophytic herb. Ht 70–230 mm. Alt 1700–3000 m. KZN, L, EC

oxytropis (Turcz.) Schltr. = **A. gibba** var. **gibba**

pachyglossa (Schltr.) Schltr. = **Xysmalobium parviflorum**

pachystephana Schltr. = **Schizoglossum linifolium** var. **linifolium**

patens N.E.Br.
Perennial. Geophytic herb. Ht 200–840 mm. Alt 150–360 m. EC

peltigera (E.Mey.) Schltr.
A. truncata Harv., not of D.Dietr. (2)
Gomphocarpus peltigerus (E.Mey.) D.Dietr. (2)
Lagarinthus peltigerus E.Mey. (2)
Perennial. Geophytic herb. Ht 310–820 mm. Alt 30–100 m. EC

physocarpa (E.Mey.) Schltr. = **Gomphocarpus physocarpus**

praemorsa Schltr.
Gomphocarpus truncatus (E.Mey.) D.Dietr. (2)
Gomphocarpus truncatus (E.Mey.) Harv. (2)
Lagarinthus truncatus E.Mey. (2)
Perennial. Geophytic herb. Ht 240–560(–780) mm. Alt 60–450 m. KZN, EC

procera Aiton = **Calotropis procera**

pubescens L. = **Gomphocarpus cancellatus**

randii S.Moore
Perennial. Geophytic herb. Ht 100–120 mm. Alt? N

rara N.E.Br.
Perennial. Geophytic herb. Ht 90–200 mm. Alt ± 360 m. EC

rectinervis (Schltr.) Schltr. = **Xysmalobium confusum**

reenensis N.E.Br. = **Aspidonepsis reenensis**

reflectens (E.Mey.) Schltr. = **Pachycarpus reflectens**

rigidus (E.Mey.) Schltr. = **Pachycarpus rigidus**

rivalis S.Moore = **Kanahia laniflora**

rivularis (Schltr.) Schltr. = **Gomphocarpus rivularis**

rostrata N.E.Br. = **Gomphocarpus fruticosus** subsp. **rostratus**

rotundifolia Mill. = **Gomphocarpus cancellatus**

sabulosa Schltr. = **A. crispa** var. **crispa**

salicifolia Salisb. = **Gomphocarpus fruticosus** subsp. **fruticosus**

scabra (Harv.) Schltr. = **Pachycarpus scaber**

scabridifolia Schltr. = **Xysmalobium acerateoides**

schinziana (Schltr.) Schltr. = **Pachycarpus schinzianus**

schlechteri (K.Schum.) N.E.Br.
Gomphocarpus schlechteri K.Schum. (2)
Perennial. Geophytic herb. Ht 535–550 mm. Alt ± 800 m. S, KZN

schweinfurthii N.E.Br. = **Pachycarpus lineolatus**

semiamplectens (K.Schum.) Hiern = **Gomphocarpus semiamplectens**

simplex (Schltr.) Schltr. = **A. stellifera**

sinuosa Burm.f. = **A. crispa** var. **crispa**

stellifera Schltr.
A. simplex (Schltr.) Schltr. (2)
Gomphocarpus revolutus (E.Mey.) D.Dietr. (2)
Gomphocarpus simplex Schltr. (2)
Lagarinthus revolutus E.Mey. (2)
Perennial. Geophytic herb. Ht 120–290 mm. Alt 1000–2100 m. LIM, NW, G, M, S, FS, KZN, L, EC

stockenstromensis (Scott-Elliot) Schltr. = **Xysmalobium stockenstromense**

suaveolens Schltr. = **Pachycarpus suaveolens**

sulphurea in sense of Schltr. = **Xysmalobium gerrardii**

sulphurea in sense of S.Moore = **Xysmalobium asperum**

tenuis (E.Mey.) Schltr. = **Schizoglossum linifolium** var. **linifolium**

transvaalensis (Schltr.) Schltr. = **Pachycarpus transvaalensis**

truncata Harv., not of D.Dietr. = **A. peltigera**

tysoniana Schltr. = **Xysmalobium tysonianum**

ulophylla Schltr.
Perennial. Geophytic herb. Ht ± 820 mm. Alt ± 330 m. M

undulata L. (1753) = **Xysmalobium undulatum**

undulata L. (1769), not of L. (1753) = **A. crispa** var. **crispa**

valida (Schltr.) Schltr. = **Pachycarpus asperifolius**

velutina (Schltr.) Schltr.
Gomphocarpus velutinus Schltr. (2)
Perennial. Geophytic herb. Ht 75–114 mm. Alt 900–1200 m. M

vexillare (E.Mey.) Schltr. = **Pachycarpus vexillaris**

vicaria N.E.Br.
Perennial. Geophytic herb. Ht 200–300 mm. Alt 1300–2000 m. M, KZN, EC

villosa Mill. = **Gomphocarpus tomentosus** var. **tomentosus**

viridiflora (E.Mey.) Goyder, illegitimate name = **A. dregeana** var. **dregeana**

woodii (Schltr.) Schltr.
Gomphocarpus woodii Schltr. (2)
Perennial. Geophytic herb. Ht 380–800 mm. Alt 600–1400 m. KZN

xysmalobioides Hilliard & B.L.Burtt, not of S.Moore
Perennial. Geophytic herb. Ht 170–200 mm. Alt 1800–2500 m. KZN, L

Gymnema sylvestre (Retz.) Schult. (3)
Perennial. Climber. Ht 1–10 m. Alt 500–1200 m. N, B, LIM, M, KZN

METASTELMA R.Br. 6798000

costatum (E.Mey.) D.Dietr. = **Parapodium costatum**

MICROLOMA R.Br. 6752000

(1) Bruyns & Linder. 1991. *Botanische Jahrbücher* 112: 453–527.

armatum (Thunb.) Schltr. var. **armatum**
M. campanulatum Wanntorp (1)
M. dregei (E.Mey.) Wanntorp (1)
M. hystricoides Wanntorp (1)
M. massonii (Schult.) Schltr. (1)
M. spinosum N.E.Br. subsp. *dinteri* (Schltr.) Wanntorp (1)
M. spinosum N.E.Br. subsp. *spinosum* (1)
M. spinosum N.E.Br. subsp. *velutinum* Wanntorp (1)
Perennial. Shrub, dwarf shrub. Ht 0.1–0.6 m. Alt 150–1800 m. N, FS, NC, WC, EC

armatum (Thunb.) Schltr. var. **burchellii** (N.E.Br.) Bruyns
M. burchellii N.E.Br. (1)
M. viridiflorum N.E.Br. (1)
Perennial. Shrub, dwarf shrub. Ht 0.1–0.5 m. Alt 300–1200 m. N, NC, WC

burchellii N.E.Br. = **M. armatum** var. **burchellii**

calycinum E.Mey.
M. calycinum E.Mey. subsp. *flavescens* (E.Mey.) Wanntorp (1)
Perennial. Dwarf shrub or climber. Ht 0.1–1 m. Alt 100–1300 m. N, NC

calycinum E.Mey. subsp. *flavescens* (E.Mey.) Wanntorp = **M. calycinum**

campanulatum Wanntorp = **M. armatum** var. **armatum**

dregei (E.Mey.) Wanntorp = **M. armatum** var. **armatum**

gibbosum N.E.Br. = **M. sagittatum**

glabratum E.Mey. subsp. *glabratum* = **M. sagittatum**

glabratum E.Mey. subsp. *subglabratum* Wanntorp = **M. sagittatum**

hereroense Wanntorp
Perennial. Climber. Ht 0.3–1 m. Alt 1000–2300 m. N

hystricoides Wanntorp = **M. armatum** var. **armatum**

incanum Decne.
Perennial. Shrub. Ht 0.4–1 m. Alt 400–1700 m. N, NC

lanatum Wanntorp (insufficiently known)
Perennial. Dwarf shrub. Ht 0.3–0.4 m. Alt ± 100 m. N

longitubum Schltr.
Perennial. Shrub to dwarf shrub. Ht 0.3–0.5 m. Alt 800–1500 m. N, NC

massonii (Schult.) Schltr. = **M. armatum** var. **armatum**

namaquense Bolus
Perennial. Climber. Ht 0.3–1 m. Alt 750–1150 m. NC

penicillatum Schltr.
M. schäferi Dinter (1)
Perennial. Shrub. Ht 0.3–1.5 m. Alt 300–800 m. N

poicilanthum H.Huber
Perennial. Dwarf shrub to climber. Ht 0.1–1.5 m. Alt 850–1900 m. N, NC

sagittatum (L.) R.Br.
M. gibbosum N.E.Br. (1)
M. glabratum E.Mey. subsp. *glabratum* (1)
M. glabratum E.Mey. subsp. *subglabratum* Wanntorp (1)
M. sagittatum (L.) R.Br. subsp. *pillansii* Wanntorp (1)
Perennial. Climber. Ht 0.2–1.5 m. Alt 10–1300 m. NC, WC, EC

sagittatum (L.) R.Br. subsp. *pillansii* Wanntorp = **M. sagittatum**

schäferi Dinter = **M. penicillatum**

spinosum N.E.Br. subsp. *dinteri* (Schltr.) Wanntorp = **M. armatum** var. **armatum**

spinosum N.E.Br. subsp. *spinosum* = **M. armatum** var. **armatum**

spinosum N.E.Br. subsp. *velutinum* Wanntorp = **M. armatum** var. **armatum**

tenuifolium (L.) K.Schum.
Perennial. Climber. Ht 0.5–1.5 m. Alt 50–1100 m. WC

viridiflorum N.E.Br. = **M. armatum** var. **burchellii**

MIRAGLOSSUM Kupicha 6778020

(1) Kupicha. 1984. *Kew Bulletin* 38: 625–633.

anomalum (N.E.Br.) Kupicha
Schizoglossum anomalum N.E.Br. (1)
Perennial. Geophytic herb. Ht 200–350 mm. Alt 450–1560 m. KZN, EC

davyi (N.E.Br.) Kupicha
Schizoglossum davyi N.E.Br. (1)
Perennial. Geophytic herb. Ht 300–600 mm. Alt 1700–2076 m. M

laeve Kupicha
Perennial. Geophytic herb. Ht 170–520 mm. Alt ± 1500 m. NW, G

pilosum (Schltr.) Kupicha
Schizoglossum pilosum Schltr. (1)
Perennial. Geophytic herb. Ht 100–400 mm. Alt 900–1770 m. KZN, EC

pulchellum (Schltr.) Kupicha
Schizoglossum pulchellum Schltr. (1)
Perennial. Geophytic herb. Ht 200–600 mm. Alt 600–2380 m. LIM, NW, G, M, S, FS, KZN, L, EC

superbum Kupicha
Perennial. Geophytic herb. Ht 250–500 mm. Alt 1500–2100 m. KZN

verticillare (Schltr.) Kupicha
Schizoglossum verticillare Schltr. (1)
Perennial. Geophytic herb. Ht 100–350 mm. Alt 900–1800 m. KZN, EC

MONDIA Skeels 6729000

(1) Bullock. 1961. *Kew Bulletin* 15: 193–206.

whitei (Hook.f.) Skeels
Chlorocodon whitei Hook.f. (1)
Perennial. Climber. Ht up to 12 m. Alt 20–1400 m. LIM, S, KZN

*NERIUM L. 6687000

(1) Markgraf. 1972. *Flora europaea* 3: 68.

(3) Henderson. 2001. *Alien weeds and invasive plants*: 159.

indicum Mill. = **N. oleander**

oleander L.
N. indicum Mill. (2)
Perennial. Shrub. Ht 1–4 m. Alt 350–1900 m. M, KZN, WC, EC

NOTECHIDNOPSIS Lavranos & Bleck 6877010

(1) Bruyns. 1999. *Kew Bulletin* 54: 327–345.

columnaris (Nel) Lavranos & Bleck
Echidnopsis columnaris (Nel) R.A.Dyer & D.S.Hardy (1)
Trichocaulon columnare Nel (1)
Perennial. Succulent. Ht 0.08–0.6 m. Alt 500–800 m. NC

tessellata (Pillans) Lavranos & Bleck
Caralluma serpentina Nel (1)
Caralluma tessellata Pillans (1)
Echidnopsis serpentina (Nel) A.C.White & B.Sloane (1)
Perennial. Succulent. Ht 0.03–0.15 m. Alt 300–700 m. NC, WC

ONCINEMA Arn. 6842000

(1) Bullock. 1963. *Kew Bulletin* 17: 183–196.

lineare (L.f.) Bullock
Glossostephanus linearis (L.f.) E.Mey. (1)
Perennial. Climber. Ht 1–10 m. Alt 50–1200 m. WC, EC

ONCINOTIS Benth. 6686000

(1) Codd. 1963. *FSA* 26: 288, 289.
(2) Kupicha. 1985. *FZ* 7,2: 492–495.

inandensis J.M.Wood & M.S.Evans = **O. tenuiloba**

tenuiloba Stapf
O. inandensis J.M.Wood & M.S.Evans (2)
Perennial. Shrub, climber. Ht up to 30 m. Alt 50–850 m. S, KZN, EC

OPHIONELLA Bruyns 6889020

(1) Bruyns. 1999. *Botanical Journal of the Linnean Society* 131: 383–398.

arcuata (N.E.Br.) Bruyns subsp. **arcuata**
Pectinaria arcuata N.E.Br. (1)
Perennial. Creeping succulent. Ht 5–20 mm. Alt 400–750 m. EC

arcuata (N.E.Br.) Bruyns subsp. **mirkinii** (Pillans) Bruyns
O. arcuata (N.E.Br.) Bruyns var. *mirkinii* (Pillans) Bruyns (1)
Pectinaria mirkinii Pillans (1)
Perennial. Creeping succulent. Ht 5–20 mm. Alt 400–750 m. EC

arcuata (N.E.Br.) Bruyns var. *mirkinii* (Pillans) Bruyns = **O. arcuata** subsp. **mirkinii**

willowmorensis Bruyns
Perennial. Creeping succulent. Ht 5–20 mm. Alt 1000–1300 m. EC

ORBEA Haw. 6885050

(1) Leach. 1978. *Excelsa Taxonomic Series* 1: 1–74.
(2) Bruyns. 2002. *Systematic Botany Monographs*: 63: 1–190.

albocastanea (Marloth) Bruyns
Caralluma albocastanea (Marloth) L.C.Leach (2)
Orbeopsis albocastanea (Marloth) L.C.Leach (2)
Stapelia albocastanea Marloth (2)
Perennial. Succulent. Ht 20–80 mm. Alt 1200–1700 m. N

carnosa (Stent) Bruyns subsp. **carnosa**
Caralluma carnosa Stent (2)
Pachycymbium carnosum (Stent) L.C.Leach (2)
Perennial. Succulent. Ht 40–150 mm. Alt 1000–1400 m. LIM, NW

carnosa (Stent) Bruyns subsp. **keithii** (R.A.Dyer) Bruyns
Caralluma fosteri Pillans (2)
Caralluma keithii R.A.Dyer (2)
Caralluma schweickerdtii Oberm. (2)
Pachycymbium keithii (R.A.Dyer) L.C.Leach (2)
Pachycymbium lancasteri Lavranos (2)
Perennial. Succulent. Ht 40–150 mm. Alt 300–1200 m. B, LIM, M, S, KZN

caudata (N.E.Br.) Bruyns subsp. **rhodesiaca** (L.C.Leach) Bruyns
Caralluma caudata N.E.Br. subsp. *rhodesiaca* L.C.Leach (2)
Caralluma caudata N.E.Br. var. *milleri* Nel (2)
Perennial. Succulent. Ht 40–150 mm. Alt 800–1200 m. N, B

ciliata (Thunb.) L.C.Leach
Diplocyatha ciliata (Thunb.) N.E.Br. (2)
Stapelia ciliata Thunb. (2)
Perennial. Succulent. Ht 40–120 mm. Alt 600–1200 m. NC, WC

conjuncta (A.C.White & B.Sloane) Bruyns
Orbeanthus conjunctus (A.C.White & B.Sloane) L.C.Leach (2)
Stultitia conjuncta A.C.White & B.Sloane (2)
Perennial. Creeping succulent. Length 50–200 mm. Alt 900–1600 m. LIM

cooperi (N.E.Br.) L.C.Leach
Stapelia cooperi N.E.Br. (2)
Stapeliopsis cooperi (N.E.Br.) E.Phillips, illegitimate name (2)
Stultitia cooperi (N.E.Br.) E.Phillips (2)
Perennial. Succulent. Ht 20–60 mm. Alt 900–1500 m. NW, FS, NC

gerstneri (Letty) Bruyns subsp. **elongata** (R.A.Dyer) Bruyns
Caralluma gerstneri Letty subsp. *elongata* R.A.Dyer (2)
Orbeopsis gerstneri (Letty) L.C.Leach subsp. *elongata* (R.A.Dyer) L.C.Leach (2)
Perennial. Succulent. Ht 30–100 mm. Alt 900–1600 m. LIM, M

gerstneri (Letty) Bruyns subsp. **gerstneri**
Caralluma gerstneri Letty (2)
Orbeopsis gerstneri (Letty) L.C.Leach subsp. *gerstneri* (2)
Perennial. Succulent. Ht 30–70 mm. Alt 250–700 m. S, KZN

hardyi (R.A.Dyer) Bruyns
Orbeanthus hardyi (R.A.Dyer) L.C.Leach (2)
Stultitia hardyi R.A.Dyer (2)
Perennial. Creeping succulent. Length 30–300 mm. Alt 900–1500 m. LIM, M

huillensis (Hiern) Bruyns subsp. **flava** Bruyns
Perennial. Succulent. Ht 40–120 mm. Alt ± 1200 m. N

huillensis (Hiern) Bruyns subsp. **huillensis**
Caralluma tsumebensis Oberm. (2)
Orbeopsis tsumebensis (Oberm.) L.C.Leach (2)
Perennial. Succulent. Ht 0.04–0.5 m. Alt 900–1300 m. N, B

irrorata (Masson) L.C.Leach = **O. verrucosa**

knobelii (E.Phillips) Bruyns
Caralluma knobelii (E.Phillips) E.Phillips (2)
Caralluma langii A.C.White & B.Sloane (2)
Caralluma kalaharica Nel in A.C.White & B.Sloane (2)
Orbeopsis knobelii (E.Phillips) L.C.Leach (2)
Stapelia knobelii E.Phillips (2)
Perennial. Succulent. Ht 30–100 mm. Alt 900–1100 m. B, NW, NC

longidens (N.E.Br.) L.C.Leach
Stapelia longidens N.E.Br. (2)
Perennial. Succulent. Ht 50–120 mm. Alt 10–100 m. KZN

lugardii (N.E.Br.) Bruyns
Angolluma lugardii (N.E.Br.) Plowes (2)
Caralluma longicuspis N.E.Br. (2)
Caralluma lugardii N.E.Br. (2)
Pachycymbium lugardii (N.E.Br.) M.G.Gilbert (2)
Perennial. Succulent. Ht 0.04–0.15 m. Alt 600–1700 m. N, B, LIM, NW, NC

lutea (N.E.Br.) Bruyns subsp. **lutea**
Caralluma lateritia N.E.Br. (2)
Caralluma lutea N.E.Br. (2)
Caralluma lutea N.E.Br. var. *lateritia* (N.E.Br.) Nel (2)
Caralluma vansonii Bremek. & Oberm. (2)
Orbeopsis lutea (N.E.Br.) L.C.Leach subsp. *lutea* (2)
Perennial. Succulent. Ht 30–120 mm. Alt 500–1500 m. B, LIM, NW, G, FS

lutea (N.E.Br.) Bruyns subsp. **vaga** (N.E.Br.) Bruyns
Caralluma lutea N.E.Br. subsp. *vaga* (N.E.Br.) L.C.Leach (2)
Caralluma nebrownii A.Berger (2)
Caralluma nebrownii A.Berger var. *discolor* Nel (2)
Caralluma nebrownii A.Berger var. *pseudonebrownii* (Dinter) A.C.White & B.Sloane (2)
Caralluma pseudonebrownii Dinter (2)
Caralluma vaga (N.E.Br.) A.C.White & B.Sloane (2)
Orbeopsis lutea (N.E.Br.) L.C.Leach subsp. *vaga* (N.E.Br.) L.C.Leach (2)
Stapelia vaga N.E.Br. (2)
Perennial. Succulent. Ht 30–120 mm. Alt 800–1700 m. N, NC

macloughlinii (I.Verd.) L.C.Leach
O. speciosa L.C. Leach (2)
Stapelia macloughlinii I.Verd. (2)
Perennial. Succulent. Ht 40–100 mm. Alt 500–700 m. KZN, EC

maculata (N.E.Br.) L.C.Leach subsp. **kaokoensis** Bruyns

Perennial. Succulent. Ht 40–100 mm. Alt 1200–1800 m. N

maculata (N.E.Br.) L.C.Leach subsp. **maculata**
Caralluma grandidens I.Verd. (2)
Caralluma maculata N.E.Br. (2)
Perennial. Succulent. Ht 40–100 mm. Alt 300–1200 m. B, LIM, M, KZN

maculata (N.E.Br.) L.C.Leach subsp. **rangeana** (Dinter & A.Berger) Bruyns
Caralluma maculata N.E.Br. var. *brevidens* H.Huber (2)
Caralluma rangeana Dinter & A.Berger (2)
O. rangeana (Dinter & A.Berger) L.C.Leach (2)
Piaranthus streyianus Nel (2)
Perennial. Succulent. Ht 20–80 mm. Alt 350–2400 m. N

melanantha (Schltr) Bruyns
Caralluma leendertziae N.E.Br. (2)
Caralluma melanantha (Schltr) N.E.Br. (2)
Caralluma rubiginosa Werderm. (2)
Orbeopsis melanantha (Schltr.) L.C.Leach (2)
Stapelia furcata N.E.Br. (2)
Stapelia melanantha Schltr. (2)
Perennial. Succulent. Ht 30–100 mm. Alt 1000–1700 m. LIM, G, M

miscella (N.E.Br.) Meve
Angolluma miscella (N.E.Br.) Plowes (2)
Caralluma bredae R.A.Dyer var. *bredae* (2)
Caralluma bredae R.A.Dyer var. *thomallae* R.A.Dyer (2)
Pachycymbium miscellum (N.E.Br.) M.G.Gilbert (2)
Stapelia miscella N.E.Br. (2)
Stultitia miscella (N.E.Br.) C.A.Lückh. (2)
Perennial. Dwarf succulent. Ht 10–70 mm. Alt 500–1500 m. NC, WC, EC

namaquensis (N.E.Br.) L.C.Leach
Stapelia namaquensis N.E.Br. (2)
Stapelia tridentata (N.E.Br.) Rüst (2)
Perennial. Succulent. Ht 30–100 mm. Alt 200–1500 m. NC

namaquensis (N.E.Br.) L.C.Leach × **Stapelia hirsuta** L.
Stapelia barklyi N.E.Br. (2)
Perennial. Succulent. Ht? Alt? NC

paradoxa (I.Verd.) L.C.Leach
Stultitia paradoxa I.Verd. (2)
Perennial. Succulent. Ht 30–60 mm. Alt 20–300 m. M, S, KZN

pulchella (Masson) L.C.Leach
Stapelia pulchella Masson (2)
Perennial. Succulent. Ht 25–100 mm. Alt 20–400 m. EC

rangeana (Dinter & A.Berger) L.C.Leach = **O. maculata** subsp. **rangeana**

rogersii (L.Bolus) Bruyns
Angolluma rogersii (L.Bolus) Plowes (2)
Caralluma rogersii (L.Bolus) E.A.Bruce & R.A.Dyer (2)
Pachycymbium rogersii (L.Bolus) M.G.Gilbert (2)
Stapelia rogersii L.Bolus (2)
Perennial. Succulent. Ht 30–100 mm. Alt 500–1200 m. B, LIM, M, KZN

schweinfurthii (A.Berger) Bruyns
Angolluma schweinfurthii (A.Berger) Plowes (2)
Caralluma schweinfurthii A.Berger (2)
Pachycymbium schweinfurthii (A.Berger) M.G.Gilbert (2)
Perennial. Creeping succulent. Ht 20–40 mm. Alt 900–1100 m. N, B

speciosa L.C.Leach = **O. macloughlinii**

tapscottii (I.Verd.) L.C.Leach
Stapelia tapscottii I.Verd. (2)
Stultitia tapscottii (I.Verd.) E.Phillips (2)
Perennial. Succulent. Ht 50–120 mm. Alt 1000–1500 m. B, LIM, NW, G, M

ubomboensis (I.Verd.) Bruyns
Angolluma ubomboensis (I.Verd.) Plowes (2)
Caralluma ubomboensis I.Verd. (2)
Pachycymbium ubomboense (I.Verd.) M.G.Gilbert (2)
Perennial. Dwarf succulent. Ht 15–80 mm. Alt 300–1400 m. LIM, S, KZN

valida (N.E.Br.) Bruyns subsp. **valida**
Caralluma valida N.E.Br. (2)
Orbeopsis valida (N.E.Br.) L.C.Leach (2)
Perennial. Succulent. Ht 40–200 mm. Alt 900–1200 m. N, B

valida (N.E.Br.) Bruyns subsp. **occidentalis** Bruyns
Perennial. Succulent. Ht 40–150 mm. Alt 1000–1500 m. N, B

variegata (L.) Haw.
Stapelia lepida Jacq. (2)
Stapelia variegata L. (2)
Perennial. Succulent. Ht 25–100 mm. Alt 5–1000 m. WC, EC

bayeriana (Bruyns) Plowes
Q. parviflora (Masson) Bruyns subsp. *bayeriana* Bruyns (1)
Perennial. Succulent. Ht 0.06–0.3 m. Alt 400–500 m. NC

cincta (C.A.Lückh.) Bruyns
Caralluma cincta C.A.Lückh. (1)
Q. inversa (N.E.Br.) Bruyns var. *cincta* (C.A.Lückh.) Bruyns (1)
Perennial. Succulent. Ht 50–250 mm. Alt 450–1100 m. NC, WC

confusa Plowes = **Q. parviflora** subsp. **confusa**

dependens (N.E.Br.) Plowes = **Q. parviflora** subsp. **dependens**

framesii (Pillans) Bruyns
Caralluma framesii Pillans (1)
Perennial. Succulent, shrub. Ht 50–200 mm. Alt 75–150 m. WC

gracilis (C.A.Lückh.) Plowes = **Q. parviflora** subsp. **gracilis**

hottentotorum N.E.Br. = **Q. incarnata** subsp. **hottentotorum**

incarnata (L.f.) Bruyns subsp. *aurea* (C.A.Lückh.) Bruyns = **Q. aurea**

incarnata (L.f.) Bruyns subsp. **hottentotorum** (N.E.Br.) Bruyns
Caralluma ausana Dinter & A.Berger (1)
Caralluma hottentotorum (N.E.Br.) N.E.Br. (1)
Q. hottentotorum N.E.Br. (1)
Perennial. Succulent, shrub. Ht 50–300 mm. Alt 100–1100 m. N, NC

incarnata (L.f.) Bruyns subsp. **incarnata**
Boucerosia incarnata (L.f.) N.E.Br. (1)
Caralluma incarnata (L.f.) N.E.Br. (1)
Caralluma incarnata (L.f.) N.E.Br. var. *alba* (G.Don) N.E.Br. (1)
Q. radiata Plowes (1)
Stapelia incarnata L.f. (1)
Perennial. Succulent, shrub. Ht 50–300 mm. Alt 5–300 m. WC

incarnata (L.f.) Bruyns subsp. *incarnata* var. *tentaculata* Bruyns = **Q. incarnata** subsp. **tentaculata**

incarnata (L.f.) Bruyns subsp. **tentaculata** (Bruyns) Bruyns
Q. incarnata (L.f.) Bruyns subsp. *incarnata* var. *tentaculata* Bruyns (1)
Q. tentaculata (Bruyns) Plowes (1)
Perennial. Succulent, shrub. Ht 50–300 mm. Alt 100–600 m. NC, WC

inversa (N.E.Br.) Bruyns
Caralluma inversa N.E.Br. (1)
Caralluma villetii C.A.Lückh. (1)
Perennial. Shrub, succulent. Ht 50–250 mm. Alt 150–350 m. NC, WC

inversa (N.E.Br.) Bruyns var. *cincta* (C.A.Lückh.) Bruyns = **Q. cincta**

linearis (N.E.Br.) Bruyns
Caralluma linearis N.E.Br. (1)
Perennial. Succulent, shrublet. Ht 50–200 mm. Alt 900–1200 m. WC

mammillaris (L.) Bruyns
Boucerosia mammillaris (L.) N.E.Br. (1)
Caralluma mammillaris (L.) N.E.Br. (1)
Caralluma winkleriana (Dinter) A.C.White & B.Sloane (1)
Sarcophagophilus winklerianus Dinter (1)
Stapelia mammillaris L. (1)
Stapelia pulla Aiton (1)
Perennial. Succulent, shrub. Ht 0.1–0.6 m. Alt 150–1100 m. N, NC, WC

maritima (Bruyns) Plowes = **Q. armata** subsp. **maritima**

marlothii (N.E.Br.) Bruyns
Caralluma marlothii N.E.Br. (1)
Caralluma marlothii N.E.Br. var. *viridis* E.Lamb. (1)
Caralluma simulans N.E.Br. (1)
Perennial. Succulent. Ht 50–200 mm. Alt 600–1400 m. NC, WC

multiflora (R.A.Dyer) Bruyns
Caralluma multiflora R.A.Dyer (1)
Perennial. Succulent, shrub. Ht 50–200 mm. Alt 950–1200 m. NC, WC

pallens Bruyns
Perennial. Succulent. Ht 0.06–0.3 m. Alt 600–900 m. NC

parviflora (Masson) Bruyns subsp. *bayeriana* Bruyns = **Q. bayeriana**

parviflora (Masson) Bruyns subsp. **confusa** (Plowes) Bruyns
Q. confusa Plowes (1)
Perennial. Succulent. Ht 0.06–0.3 m. Alt 150–650 m. NC, WC

parviflora (Masson) Bruyns subsp. **dependens** (N.E.Br.) Bruyns
Caralluma dependens N.E.Br. (1)
Caralluma reflexa C.A.Lückh. (1)
Q. dependens (N.E.Br.) Plowes (1)
Perennial. Succulent. Ht 0.06–0.3 m. Alt 100–600 m. WC

parviflora (Masson) Bruyns subsp. **gracilis** (C.A.Lückh.) Bruyns
Caralluma ericeta Nel (1)
Caralluma gracilis C.A.Lückh. (1)
Q. gracilis (C.A.Lückh.) Plowes (1)
Perennial. Succulent. Ht 0.06–0.3 m. Alt 400–1000 m. NC, WC

parviflora (Masson) Bruyns subsp. **parviflora**
Caralluma parviflora (Masson) N.E.Br. (1)
Caralluma virescens C.A.Lückh. (1)
Stapelia parviflora Masson (1)
Perennial. Succulent. Ht 0.06–0.3 m. Alt 100–400 m. NC, WC

parviflora (Masson) Bruyns subsp. *pulchra* Bruyns = **Q. pulchra**

parviflora (Masson) Bruyns subsp. **swanepoelii** (Lavranos) Bruyns
Caralluma swanepoelii Lavranos (1)
Q. swanepoelii (Lavranos) Plowes (1)
Perennial. Succulent. Ht 0.06–0.3 m. Alt 400–1000 m. NC

pilifera (Bruyns) Plowes = **Q. arenicola** subsp. **pilifera**

pillansii (N.E.Br.) Bruyns
Caralluma pillansii N.E.Br. (1)
Perennial. Succulent, shrub. Ht 0.15–0.5 m. Alt 350–1100 m. WC, EC

pruinosa (Masson) Bruyns
Caralluma pruinosa (Masson) N.E.Br (1)
Caralluma pruinosa (Masson) N.E.Br. var. *nigra* C.A.Lückh. (1)
Stapelia pruinosa Masson (1)
Tromotriche pruinosa (Masson) Haw. (1)
Perennial. Shrub, succulent. Ht 0.1–0.5 m. Alt 250–1000 m. N, NC

pulchra (Bruyns) Plowes
Q. parviflora (Masson) Bruyns subsp. *pulchra* Bruyns
Perennial. Succulent. Ht 50–200 mm. Alt 75–150 m. WC

radiata Plowes = **Q. incarnata** subsp. **incarnata**

ramosa (Masson) Bruyns
Caralluma ramosa (Masson) N.E.Br. (1)
Stapelia ramosa Masson (1)
Perennial. Succulent. Ht 60–300 mm. Alt 400–1000 m. WC

swanepoelii (Lavranos) Plowes = **Q. parviflora** subsp. **swanepoelii**

tentaculata (Bruyns) Plowes = **Q. incarnata** subsp. **tentaculata**

G. pentheri Gand. (1)
G. pygmaeum Thunb. (1)
Helichrysum declinatum (L.f.) Less. (1)
Spiralepis declinata (L.f.) D.Don (1)
Perennial. Herb, prostrate or decumbent. Length 0.03–0.1 m. Alt 15–1320 m. WC

decumbens Thunb. = **Trichogyne decumbens**

deltoides Thunb. = **Helichrysum acrophilum**

densum Lam. = **Metalasia densa**

dentatum L. = **Pentzia dentata**

distans Schrank = **Metalasia distans**

divergens Thunb. = **Metalasia divergens** subsp. **divergens**

dodii Levyns = **Plecostachys polifolia**

drakensbergense Markötter = **G. confine**

englerianum (O.Hoffm.) Hilliard & B.L.Burtt
Amphidoxa engleriana O.Hoffm. (1)
Perennial. Herb, erect or decumbent. Ht/Length up to 0.1 m. Alt up to 1200 m. NC

excisum Thunb. = **Helichrysum excisum**

eximium L. = **Syncarpha eximia**

fastigiatum Thunb. = **Metalasia fastigiata**

filagopsis Hilliard & B.L.Burtt

Amphidoxa filaginea Ficalho & Hiern (1)
Amphidoxa filaginea Ficalho & Hiern var. *transiens* Merxm. (1)
Perennial. Herb, erect or decumbent. Ht/Length up to 0.25 m. Alt 945–1850 m. N, B, LIM, NW, G, M, FS, KZN, L, NC

floridum Poir. = **Anaxeton arborescens**

foetidum L. = **Helichrysum foetidum**

fruticans L. = **Helichrysum fruticans**

glomerulatum Harv. = **Lasiopogon glomerulatus**

gnaphalodes (DC.) Hilliard & B.L.Burtt
Amphidoxa gnaphalodes DC. (1)
?*G. micranthum* Thunb. var. *spretum* DC. (1)
Perennial. Herb, prostrate or decumbent. Length 0.1–0.3 m. Alt 20–600 m. EC

grandiflorum L. = **Helichrysum grandiflorum**

griquense Hilliard & B.L.Burtt
Amphidoxa adscendens O.Hoffm. ex Zahlbr. (1)
Perennial. Herb, prostrate, decumbent or suberect. Length 0.15–0.45 m. Alt up to 2438 m. KZN, L

helianthemifolium L. = **Helichrysum helianthemifolium**

hirsutum Thunb. = **Anaxeton hirsutum**

hispidum L.f. = **Elytropappus hispidus**

indicum in sense of Dinter, not of L., misapplied name = **Helichrysum herniarioides**

indicum L. = **Helichrysum indicum**

limicola Hilliard
Perennial. Herb, prostrate. Length up to 0.12 m. Alt up to 2650 m. L, EC

luteo-album L. = **Pseudognaphalium luteo-album**

maculatum Thunb. = **Vellereophyton dealbatum**

micranthum Thunb. = **Vellereophyton dealbatum**

?micranthum Thunb. var. *spretum* DC. = **G. gnaphalodes**

milleflorum L.f. = **Syncarpha milleflora**

minutum B.Nord. = **Lasiopogon minutus**

mixtum Kuntze = **Helichrysum mixtum** var. **mixtum**

mucronatum P.J.Bergius = **Syncarpha mucronata**

muricatum L. = **Metalasia muricata**

muscoides Desf. = **Lasiopogon muscoides**

nelsonii Burtt Davy
Perennial. Herb, erect or decumbent. Length 0.04–0.2 m. Alt up to 1500 m. NW, G

niveum L. = **Helichrysum niveum**

nudifolium L. = **Helichrysum nudifolium** var. **nudifolium**

oculus-cati L.f. = **Galeomma oculus-cati**

odoratissimum L. = **Helichrysum odoratissimum**

oligandrum (DC.) Hilliard & B.L.Burtt = **Pseudognaphalium oligandrum**

orbiculare Thunb. = **Plecostachys serpyllifolia**

parvulum Harv. = **Troglophyton parvulum**

patulum L. = **Helichrysum patulum**

pauciflorum DC.
Annual. Herb, erect or decumbent. Length 0.01–0.13 m. Alt 50–1500 m. WC

pennsylvanicum Willd. = **Gamochaeta pennsylvanica**

pentheri Gand. = **G. declinatum**

peregrinum Fernald = **Gamochaeta pennsylvanica**

phlomoides Lam. = **Syncarpha milleflora**

pilosellum L.f. = **Helichrysum nudifolium** var. **pilosellum**

plantaginifoliatum Kuntze = **Helichrysum nudifolium** var. **nudifolium**

polifolium Thunb. = **Plecostachys polifolia**

***polycaulon** Pers.
Annual. Herb, decumbent or erect. Length up to 0.25 m. Alt 11–1676 m. N, LIM, M, KZN

prostratum Thunb. = **Helichrysum micropoides**

pygmaeum Thunb. = **G. declinatum**

recurvum Lam. = **Anaxeton arborescens**

repens L. = **Trichogyne repens**

repens L. var. *vestitum* (Thunb.) DC. = **G. vestitum**

retusum Lam. = **Facelis retusa**

revolutum Thunb. = **Helichrysum revolutum**

rosum P.J.Bergius = **Helichrysum rosum** var. **rosum**

rotundifolium Thunb. = **Helichrysum rotundifolium**

rutilans L. = **Helichrysum rutilans**

septentrionale (Vatke) Hilliard = **Helichrysopsis septentrionale**

serpyllifolium P.J.Bergius = **Plecostachys serpyllifolia**

sesamoides (L.) Kuntze = **Edmondia sesamoides**

simii (Bolus) Hilliard & B.L.Burtt
Helichrysum simii Bolus (1)
Perennial. Herb, prostrate. Length up to 0.03 m. Alt up to 1000 m. NC

spicatum Lam. = **Gamochaeta coarctata**

splendidum Thunb. = **Helichrysum splendidum**

squamosum (Jacq.) Sch.Bip. = **Edmondia pinifolia**

stellatum L. = **Helichrysum stellatum**

stenocladon Schrank = **Anaxeton asperum** subsp. **asperum**

stenolepis S.Moore = **Galeomma stenolepis**

subcordatum Kuntze = **Helichrysum hypoleucum**

subfalcatum Cabrera = **Gamochaeta subfalcata**

teretifolium L. = **Helichrysum teretifolium**

thapsus Kuntze = **Helichrysum thapsus**

tinctum Thunb. = **Helichrysum tinctum**

tricostatum Thunb. = **Helichrysum tricostatum**

trifidum Thunb. = **Pseudognaphalium luteo-album**

umbellatum L.f. = **Lachnospermum umbellatum**

undulatum L. = **Pseudognaphalium undulatum**

vestitum Thunb.
G. acilepis DC. (1)
G. repens L. var. *vestitum* (Thunb.) DC. (1)
Annual, occ. perennial. Herb, erect, suberect or trailing. Length 0.05–0.4 m. Alt 30–945 m. EC

volkii B.Nord. = **Lasiopogon volkii**

GONGROTHAMNUS Steetz 8751010

angolensis (O.Hoffm.) Hiern = **Distephanus angolensis**

Tripterachaenium humile Kuntze (11)
Tripterachaenium scariosum (DC.) Kuntze (11)
T. flexuosa Harv. (11)
T. glandulosa Turcz. var. *dentata* Harv. (11)
T. humilis Turcz. (11)
T. natalensis Harv. (11)
Perennial. Herb, succulent. Ht 0.1–0.4 m. Alt 100–1900 m. N, B, LIM, NW, G, M, FS, L, NC, WC, EC

aghillana DC. var. **integrifolia** Harv.
Osteospermum scariosum DC. var. *integrifolium* (Harv.) Norl. (14)
T. glandulosa Turcz. in part (11)
T. kraussii Sch.Bip. (11)
T. setifera DC. (11)
Perennial. Herb, succulent. Ht 0.1–0.4 m. Alt 270–1500 m. NC, WC, EC

amplectens Harv.
Osteospermum amplectens (Harv.) Norl. (14)
T. amplexicaulis DC. in part (5, 11)
T. confusa Bolus (11)
T. gracilis Hutch. (11)
Annual. Herb. Ht 0.3–1.2 m. Alt 90–900 m. NC, WC

amplexicaulis DC. in part = **T. amplectens**

amplexicaulis (Thunb.) Less.
Calendula amplexicaulis Thunb. (5, 11)
Osteospermum connatum DC. (5, 14)
Perennial. Herb. Ht up to 0.5 m. Alt 500–1200 m. WC

amplexicaulis (Thunb.) Less. var. *microtis* DC. = **T. microcarpa** subsp. **microcarpa**

angolensis (Norl.) B.Nord.
Osteospermum angolense Norl. (14)
Perennial. Herb. Ht up to 1 m. Alt 500–1500 m. N

arborescens Harv., not of Less. = **Osteospermum grandiflorum**

arborescens (Jacq.) Less. = **T. dentata**

atropurpurea Turcz. = **T. clandestina**

auriculata S.Moore
Osteospermum auriculatum (S.Moore) Norl. (14)
Perennial. Shrub. Ht 1–3 m. Alt 1000–1500 m. LIM, M

bolusii Compton = **Osteospermum bolusii**

breviradiata (Norl.) B.Nord.
Osteospermum breviradiatum Norl. (14)
Annual. Herb. Ht 0.2–0.5 m. Alt 100–200 m. N, NC, WC

clandestina Less.
Osteospermum clandestinum (Less.) Norl. (14)
T. atropurpurea Turcz. (11)
T. herbacea E.Mey. ex DC. (11)
T. hyoseroides DC. var. *echinocarpa* DC. (11)
T. scariosa DC. (11)
Annual. Herb, succulent. Ht 0.2–0.5 m. Alt 15–900 m. N, NC, WC

concordiae Schltr. = **Osteospermum spinescens**

confusa Bolus = **T. amplectens**

crassifolia O.Hoffm.
Osteospermum crassifolium (O.Hoffm.) Norl. (14)
T. fruticosa Muschl. ex Engl., naked name (11)
Perennial. Shrub or suffrutex, succulent. Ht up to 1 m. Alt 5–900 m. N, NC, WC

dentata (Burm.f.) Harv.
Calendula arborescens Jacq. (11)
Osteospermum dentatum Burm.f. (14)
T. arborescens (Jacq.) Less. (11)
T. rigida Harv. (11)
Perennial. Herb. Ht 0.3–0.6 m. Alt 30–300 m. WC

flexuosa Harv. = **T. aghillana** var. **aghillana**

fruticosa Muschl. ex Engl., naked name = **T. crassifolia**

Purgosea alooides (Dryand.) Haw. (23)
Purgosea capitella (Thunb.) Sweet, as '*capitellata*' (23)
Purgosea spicata (Thunb.) G.Don (23)
Purgosea turrita (Thunb.) Sweet in part
Purgosea turrita (Thunb.) Sweet var. *alba* Sweet in part (23)
Sedum corymbulosum (Link & Otto) Kuntze in part (23)
Biennial. Herb, succulent. Ht ± 0.4 m. Alt 50–1700 m. FS, WC, EC

capitella Thunb. subsp. *enantiophylla* (Baker f.) Tölken = **C. capitella** subsp. **nodulosa**

capitella Thunb. subsp. **meyeri** (Harv.) Tölken
C. brevistyla Baker f. (23)
C. capitella in sense of Drège, not of Thunb. (23)
C. capitellata in sense of Drège, not of Thunb. (23)
C. meyeri Harv. (23)
C. natalensis Schönland var. *mosii* Schönland (23)
Perennial. Herb, succulent. Ht ± 0.4 m. Alt 0–550 m. KZN

capitella Thunb. subsp. **nodulosa** (Schönland) Tölken
C. avismontana Dinter (23)
C. capitella Thunb. subsp. *enantiophylla* (Baker f.) Tölken (23)
C. elata N.E.Br. (23)
C. enantiophylla Baker f. (23)
C. guchabensis Merxm. (23)
C. nodulosa Schönland (23)
C. pectinata Conrath (23)
Perennial. Herb, succulent. Ht 0.1–0.8 m. Alt 800–2200 m. N, LIM, G, M, NC

capitella Thunb. subsp. **sessilicymula** (Mogg) Tölken
C. sessilicymula Mogg (23)
Perennial. Herb, succulent. Ht ± 0.4 m. Alt 20–200 m. LIM, G

capitella Thunb. subsp. **thyrsiflora** (Thunb.) Tölken
Aloe pertusa Haw. (23)
C. corymbulosa Link & Otto (23)
C. corymbulosa Link & Otto var. *cordata* Schönland (23)
C. corymbulosa Link & Otto var. *lanceolata* Schönland (23)
C. corymbulosa Link & Otto var. *major* Schönland (23)
C. corymbulosa Link & Otto var. *typica* Schönland (23)
C. luederitzii in sense of Friedrich, not of Schönland (23)
C. nuda Compton (23)
C. rhodogyna Friedrich (23)
C. thyrsiflora Thunb. (23)
C. triebneri Schönland (23)
C. turrita Thunb. (23)
C. turrita Thunb. var. *rosea* Haw. (23)
Purgosea alooides in sense of Eckl. & Zeyh., as '*Pyrgosea aloides*', not of (Dryand.) Haw. (23)
Purgosea corymbulosa (Link & Otto) Sweet
Purgosea pertusa (Haw.) Haw. (23)
Purgosea pertusula Haw. (23)
Purgosea thyrsiflora (Thunb.) Sweet (23)
Purgosea turrita (Thunb.) Sweet in part, naked name (23)
Purgosea turrita (Thunb.) Sweet var. *alba* Sweet in part (23)
Sedum corymbulosum (Link & Otto) Kuntze in part (23)
Perennial. Herb, succulent. Ht ± 0.4 m. Alt 50–1900 m. N, FS, KZN, NC, WC, EC

capitellata in sense of Drège, not of Thunb. = **C. capitella** subsp. **meyeri**

centauroides in sense of Aiton; Sims; Eckl. & Zeyh.; Drège; Harv., not of L., misapplied name = **C. pellucida** subsp. **pellucida**

centauroides in sense of Thunb., not of L., misapplied name = **C. pellucida** subsp. **marginalis**

centauroides L. = **C. strigosa**

Larochea coccinea (L.) Pers. (23)
Rochea coccinea (L.) DC. (23)
Rochea versicolor (Ker Gawl.) Link (23)
Perennial. Dwarf shrub, succulent. Ht ± 0.6 m. Alt 0–700 m. WC

coerulescens Schönland = **C. nemorosa**

cogmansensis (Kuntze) K.Schum. = **C. subaphylla** var. **subaphylla**

columella Marloth & Schönland
Perennial. Herb, succulent. Ht ± 0.15 m. Alt 30–400 m. NC

columnaris in sense of H.Jacobsen; Friedrich, not of Thunb., misapplied name = **C. columnaris** subsp. **prolifera**

columnaris Thunb. = **C. columnaris** subsp. **columnaris**

columnaris Thunb. subsp. **columnaris**
C. columnaris Thunb. (23)
C. mitrata Friedrich (23)
Perennial, occ. annual. Herb, succulent. Ht ± 0.01 m. Alt 1000–1700 m. NC, WC, EC

columnaris Thunb. subsp. **prolifera** Friedrich
C. barklyi in sense of Friedrich, not of N.E.Br. (23)
C. columnaris in sense of H.Jacobsen; Friedrich, not of Thunb., misapplied name (23)
C. columnaris Thunb. var. *elongata* E.Mey. ex Drège (23)
C. semiorbicularis Eckl. & Zeyh. (23)
Perennial, occ. annual. Herb, succulent. Ht ± 0.01 m. Alt 20–1700 m. N, NC, WC

columnaris Thunb. var. *elongata* E.Mey. ex Drège = **C. columnaris** subsp. **prolifera**

commutata Friedrich = **C. rupestris** subsp. **commutata**

compacta Schönland
C. compacta Schönland var. *eliator* Baker f. (23)
C. massonoides Diels (23)
C. mosii Schönland (23)
Perennial, occ. annual. Herb, succulent. Ht ± 0.2 m. Alt 1400–2000 m. G, M, FS

compacta Schönland var. *eliator* Baker f. = **C. compacta**

comptonii Hutchison & Pillans = **C. namaquensis** subsp. **comptonii**

concinella Haw. (insufficiently known) (23)

concinna Haw. (insufficiently known) (23)

confusa Schönland & Baker f. = **C. nemorosa**

congesta N.E.Br. = **C. congesta** subsp. **congesta**

congesta N.E.Br. subsp. **congesta**
C. congesta N.E.Br. (23)
C. pachyphylla Schönland (23)
Biennial. Herb, succulent. Ht 0.05–0.2 m. Alt 1000–1600 m. WC, EC

congesta N.E.Br. subsp. **laticephala** (Schönland) Tölken
C. laticephala Schönland (23)
Biennial. Herb, succulent. Ht 0.05–0.1 m. Alt 400–700 m. WC, EC

conjuncta N.E.Br. = **C. perforata**

connivens Schönland = **C. tetragona** subsp. **connivens**

conspicua Haw. = **C. tomentosa** var. **tomentosa**

cooperi in sense of Schönland, not of Regel = **C. exilis** subsp. **sedifolia**

cooperi Regel = **C. exilis** subsp. **cooperi**

corallina in sense of Higgins; H.Jacobsen; Friedrich, not of Thunb., misapplied name = **C. corallina** subsp. **macrorrhiza**

corallina Thunb. = **C. corallina** subsp. **corallina**

corallina Thunb. subsp. **corallina**
C. corallina (23)
C. dasyphylla Harv. (23)
Perennial. Herb, succulent. Ht ± 0.08 m. Alt 200–1700 m. N, NW, FS, NC, WC, EC

corallina Thunb. subsp. **macrorrhiza** Tölken
C. corallina in sense of Higgins; H.Jacobsen; Friedrich, not of Thunb., misapplied name (23)
Perennial. Herb, succulent. Ht ± 0.08 m. Alt 400–1000 m. N, NC

cordata in sense of Drège, not of Thunb. = **C. nemorosa**

cordata in sense of Lodd., not of Thunb. = **C. spathulata**

cordata Thunb.
C. aitonii Britten & Baker f. (23)
C. glauca Schönland (23)
C. neglecta Schult. (23)
C. perfossa in sense of Drège, not of Lam. (23)
Perennial. Herb, succulent. Ht ± 0.3 m. Alt 100–500 m. KZN, EC

cornuta Schönland & Baker f. = **C. deceptor**

corpuscullariopsis Boom = **C. elegans** subsp. **elegans**

corymbulosa Link & Otto = **C. capitella** subsp. **thyrsiflora**

expansa Dryand. subsp. **pyrifolia** (Compton) Tölken
C. albicaulis in sense of Friedrich, not of Harv. (23)
C. pyrifolia Compton (23)
Perennial. Herb, succulent. Ht ± 0.4 m. Alt 50–500 m. N, NC, WC

falcata J.C.Wendl. = **C. perfoliata** var. **minor**

fallax Friedrich
Curtogyne dejecta in sense of Eckl., not of (Jacq.) DC., misapplied name (23)
Perennial. Dwarf shrub, succulent. Ht ± 0.4 m. Alt 20–400 m. WC

fallax × **C. scabra**, putative hybrid (23)

falx Linding = **C. perfoliata** var. **minor**

fascicularis Lam.
C. biconvexa Haw. (23)
C. capitata Lodd. (23)
C. media (Haw.) D.Dietr. (23)
C. odoratissima Andrews (23)
C. subulata in sense of P.J.Bergius; Thunb., not of L., misapplied name (23)
Dietrichia bicolor (Haw.) Eckl. & Zeyh. (23)
Dietrichia media (Haw.) Eckl. & Zeyh. (23)
Dietrichia odoratissima (Andrews) Tratt. ex Eckl. & Zeyh. (23)
Kalosanthes bicolor Haw. (23)
Kalosanthes biconvexa (Haw.) Haw. (23)
Kalosanthes capitata (Lodd.) Sweet (23)
Kalosanthes cymosa (P.J.Bergius) Haw. (23)
Kalosanthes fascicularis (Lam.) G.Don (23)
Kalosanthes media Haw. (23)
Kalosanthes odoratissima (Andrews) Haw. (23)
Kalosanthes odoratissima (Andrews) Haw. var. *alba* (DC.) G.Don (23)
Larochea cymosa (P.J.Bergius) Haw. in part (23)
Larochea fascicularis (Lam.) Schult. (23)
Larochea odoratissima (Andrews) Haw. (23)
Larochea odoratissima (Andrews) Haw. var. *bicolor* (Haw.) DC. (23)
Larochea tiniflora Lem. (23)
Rochea bicolor (Haw.) Steud. (23)
Rochea biconvexa (Haw.) DC. (23)
Rochea fascicularis (Lam.) DC. (23)
Rochea media (Haw.) DC. (23)
Rochea odoratissima (Andrews) Link (23)
Rochea odoratissima (Andrews) Link var. *alba* DC. (23)
Rochea odoratissima (Andrews) Link var. *bicolor* (Haw.) DC. (23)

Rochea subulata (L.) Adamson (23)
Rochea versicolor in sense of Harv. in part, not of (Ker Gawl.) Link, misapplied name (23)
Perennial. Dwarf shrub, succulent. Ht ± 0.4 m. Alt 50–1200 m. WC

fastigiata Schönland = **C. subulata** var. **fastigiata**

fergusoniae Schönland = **C. pubescens** subsp. **pubescens**

fergusoniae Schönland forma *major* Schönland = **C. pubescens** subsp. **pubescens**

filamentosa Schönland = **C. lanceolata** subsp. **lanceolata**

filicaulis Haw. = **C. expansa** subsp. **filicaulis**

filiformis (Eckl. & Zeyh.) D.Dietr.
C. capillacea E.Mey. ex Drège, in part (23)
Dinacria filiformis (Eckl. & Zeyh.) Harv. (23)
Grammanthes filiformis Eckl. & Zeyh. (23)
Annual. Herb, succulent. Ht ± 0.1 m. Alt 20–200 m. WC, EC

flabellifolia Harv. = **C. umbella**

flagillima Dinter = **C. brevifolia** subsp. **brevifolia**

flanaganii Schönland & Baker f.
C. acuminata E.Mey. ex Drège (23)
Perennial. Herb, succulent. Ht ± 0.2 m. Alt 50–900 m. KZN, EC

flava L.
C. bullulata Haw. (23)
C. burmanniana (Eckl. & Zeyh.) D.Dietr. (23)
C. cymosa in sense of Thunb., not of P.J.Bergius (23)
C. virgata in sense of E.Mey. ex Drège, not of Harv., naked name (23)
Curtogyne burmanniana Eckl. & Zeyh. (23)
Curtogyne flava (L.) Eckl. & Zeyh. (23)
Kalosanthes flava (L.) Sweet (23)
Larochea flava (L.) Haw. (23)
Rochea flava (L.) DC. (23)
Sedum flavum (L.) Kuntze (23)
Sedum flavum (L.) Kuntze var. *brevifolium* Kuntze (23)
Sedum flavum (L.) Kuntze var. *lorifolium* Kuntze (23)
Perennial. Dwarf shrub, succulent. Ht ± 0.4 m. Alt 20–500 m. WC

flavovirens Pillans = **C. brevifolia** subsp. **brevifolia**

fragilis Baker = **C. expansa** subsp. **fragilis**

fragilis Schönland = **C. pubescens** subsp. **pubescens**

fruticulosa in sense of Harv., not of L., misapplied name = **C. biplanata**

fruticulosa in sense of Keissl., not of L. = **C. sarcocaulis** subsp. **rupicola**

fruticulosa L. (insufficiently known) (23)

furcata (Eckl. & Zeyh.) Endl. ex Walp. = **C. ericoides** subsp. **ericoides**

furcata in sense of Schönland, not of (Eckl. & Zeyh.) Endl. & Walp., misapplied name = **C. expansa** subsp. **fragilis**

fusca Herre
Perennial. Dwarf shrub, succulent. Ht ± 0.4 m. Alt 800–1090 m. N, NC

galpinii Schönland = **C. peploides**

garibina Marloth & Schönland = **C. garibina** subsp. **garibina**

garibina Marloth & Schönland subsp. **garibina**
C. garibina Marloth & Schönland (23)
Perennial. Dwarf shrub, succulent. Ht ± 0.25 m. Alt 500–800 m. N, NC

garibina Marloth & Schönland subsp. **glabra** Tölken
Perennial. Dwarf shrub, succulent. Ht ± 0.25 m. Alt 900–1300 m. NC

gemmifera Friedrich
Perennial. Herb, succulent. Ht ± 0.07 m. Alt 1000–3200 m. FS, KZN, L, EC

gentianoides Lam. = **C. dichotoma**

giessii Friedrich = **C. ausensis** subsp. **giessii**

austro-africana De Winter var. **microphylla** (Burch.) De Winter
Royena microphylla Burch. (2)
Perennial. Shrub. Ht 0.02–3 m. Alt 490–2425 m. NW, G, M, FS, KZN, L, NC, WC, EC

austro-africana De Winter var. **rubriflora** (De Winter) De Winter
Royena hirsuta L. var. *rubriflora* De Winter (2)
Perennial. Shrub. Ht 0.4–3 m. Alt 360–2440 m. FS, KZN, L, EC

austro-africana De Winter var. **rugosa** (E.Mey. ex A.DC.) De Winter
Royena rugosa E.Mey. ex A.DC. (2)
Perennial. Shrub. Ht 0.8–3 m. Alt 60–1370 m. WC

batocana Hiern
D. odorata Hiern ex Greves (4)
D. odorata Hiern ex Greves var. *rhodesiana* Rendle (4)
D. xanthocarpa Gürke (4)
Perennial. Tree. Ht 3–12 m. Alt 900–1525 m. N, B

bicolor Klotzsch = **D. mespiliformis**

chamaethamnus Dinter ex Mildbr.
Perennial. Dwarf shrub. Ht 0.3–0.6 m. Alt 300–1000 m. N, B

dawei (Hutch.) Brenan = **D. natalensis**

dichrophylla (Gand.) De Winter
Royena dichrophylla Gand. (2)
Perennial. Tree or shrub. Ht 1–13 m. Alt 10–1500 m. LIM, S, KZN, WC, EC

galpinii (Hiern) De Winter
Royena galpinii Hiern (2)
Perennial. Dwarf shrub or occ. shrub. Ht 0.6–1.3 m. Alt 30–1525 m. M, S, KZN

glabra (L.) De Winter
Royena glabra L. (2)
Perennial. Shrub. Ht 0.6–2.5 m. Alt 500–2700 m. NC, WC

glandulifera De Winter
Royena glandulosa Harv. ex Hiern (2)
Perennial. Shrub. Ht 1–3 m. Alt 120–1130 m. KZN

holtzii Gürke = **D. mespiliformis**

inhacaensis F.White
Perennial. Tree or shrub. Ht 3–12 m. Alt 10–120 m. KZN

loureiriana G.Don subsp. **loureiriana**
Perennial. Tree or shrub. Ht 2–6 m. Alt 0–300 m. M

lycioides Desf. subsp. **guerkei** (Kuntze) De Winter
Royena guerkei Kuntze (2)
Royena lycioides (Desf.) A.DC. subsp. *guerkei* (Kuntze) De Winter (2)
Perennial. Tree or shrub. Ht 1–5 m. Alt 12–2140 m. LIM, NW, G, M, S, KZN

lycioides Desf. subsp. **lycioides**
Royena lycioides (Desf.) A.DC. (2)
Perennial. Shrub. Ht 0.6–7 m. Alt 30–2700 m. N, B, LIM, NW, G, M, FS, L, NC, WC, EC

lycioides Desf. subsp. **nitens** (Harv. ex Hiern) De Winter
Royena lycioides (Desf.) A.DC. subsp. *nitens* (Harv. ex Hiern) De Winter (2)
Royena nitens Harv. ex Hiern (2)
Perennial. Shrub. Ht up to 1.5 m. Alt 90–1530 m. LIM, M, KZN

lycioides Desf. subsp. **sericea** (Bernh.) De Winter
Royena lycioides (Desf.) A.DC. subsp. *sericea* (Bernh.) De Winter (2)
Royena sericea Bernh. (2)
Perennial. Tree or shrub. Ht 1–6 m. Alt 30–1970 m. N, B, LIM, M, S, KZN, EC

mespiliformis Hochst. ex A.DC.
D. bicolor Klotzsch (2)
D. holtzii Gürke (6)
D. sabiensis Hiern (2)
D. senegalensis Perr. ex DC. (6)
Perennial. Tree. Ht 2–25 m. Alt 210–1300 m. N, B, LIM, M, S

natalensis (Harv.) Brenan
D. dawei (Hutch.) Brenan (2)
D. nyasae Brenan (5)
Maba dawei Hutch. (5)
Maba natalensis Harv. (5)
Perennial. Tree or shrub. Ht 1–25 m. Alt 5–300 m. KZN, EC

natalensis (Harv.) Brenan subsp. *nummularia* (Brenan) F.White, illegitimate name = **D. nummularia**

nummularia Brenan
D. natalensis (Harv.) Brenan subsp. *nummularia* (Brenan) F.White, illegitimate name (7)
Perennial. Tree or shrub. Ht 1–5 m. Alt 300–1600 m. M, S

nyasae Brenan = **D. natalensis**

odorata Hiern ex Greves = **D. batocana**

odorata Hiern ex Greves var. *rhodesiana* Rendle = **D. batocana**

pallens (Thunb.) F.White
Royena pallens Thunb. (2)
Perennial. Shrub. Ht 1–2.5 m. Alt 15–1120 m. WC, EC

pseudebenus (E.Mey. ex A.DC.) Parm. = **Euclea pseudebenus**

ramulosa (E.Mey. ex A.DC.) De Winter
Royena ramulosa E.Mey. ex A.DC. (2)
Perennial. Shrub. Ht 1–5 m. Alt 90–1065 m. N, NC, WC, EC

rotundifolia Hiern
Perennial. Tree. Ht 4–9 m. Alt 15–35 m. KZN

sabiensis Hiern = **D. mespiliformis**

scabrida (Harv. ex Hiern) De Winter var. **cordata** (E.Mey. ex A.DC.) De Winter
Royena cordata E.Mey. ex A.DC. (2)
Perennial. Shrub. Ht 0.3–3 m. Alt 150–1675 m. EC

scabrida (Harv. ex Hiern) De Winter var. **scabrida**
Royena scabrida Harv. ex Hiern (2)
Perennial. Shrub. Ht 0.5–2 m. Alt 30–300 m. KZN, EC

senegalensis Perr. ex DC. = **D. mespiliformis**

simii (Kuntze) De Winter
Royena simii Kuntze (2)
Perennial. Shrub or climber. Ht 1–7 m. Alt 15–1465 m. KZN, EC

villosa (L.) De Winter var. **parvifolia** (De Winter) De Winter
Royena villosa L. var. *parvifolia* De Winter (2)
Perennial. Shrub. Ht 0.5–3 m. Alt 300–1400 m. LIM, M, KZN

villosa (L.) De Winter var. **villosa**
Royena villosa L. (2)
Perennial. Shrub or climber. Ht 1–14 m. Alt 15–765 m. KZN, EC

virgata (Gürke) Brenan
Maba fragrans Hiern ex Greves (4)
Maba virgata Gürke (2)
Perennial. Dwarf shrub. Ht 0.3–0.9 m. Alt? N

whyteana (Hiern) F.White
Royena lucida L. (2)
Royena lucida L. var. *whyteana* (Hiern) De Winter & Brenan (4)
Royena whyteana Hiern (2)
Perennial. Shrub or tree. Ht 0.5–6 m. Alt 15–2225 m. LIM, NW, G, M, S, FS, KZN, WC, EC

xanthocarpa Gürke = **D. batocana**

(60) Oliver & Oliver. Personal communication.

Note 1: many of the varieties created and listed by Guthrie & Bolus and by Dulfer are not recognised by us in NBG but are retained here until their placement in synonymy, or elevation to specific or subspecific rank in some cases, has been formally published.

Note 2: altitudinal ranges for all species have been excluded because of the excessive time it would take us to check thousands of specimens in NBG and BOL manually in order to give any meaningful figures.

***pycnantha** Benth.
Perennial. Tree, shrub. Ht 2–10 m. Alt 91–300 m. WC

redacta J.H.Ross = **Calliandra redacta**

reficiens Wawra subsp. **reficiens**
A. uncinata Engl. (9)
Perennial. Tree, shrub. Ht 0.5–7.5 m. Alt 700–1160 m. N

rehmanniana Schinz
Perennial. Tree, shrub. Ht 2–10 m. Alt 1100–1370 m. B, LIM

reticulata (L.) Willd. = **A. karroo**

retinens Sim = **A. luederitzii** var. **retinens**

robbertsii P.P.Swartz
Perennial. Tree, shrub? Ht 2–4 m. Alt? M

robusta Burch. subsp. **clavigera** (E.Mey.) Brenan
A. clavigera E.Mey. (9)
A. clavigera E.Mey. subsp. *clavigera* (9)
A. sambesiaca Schinz (9)
Perennial. Tree. Ht 4–20 m. Alt 15–915 m. N, B, LIM, M, S, KZN

robusta Burch. subsp. **robusta**
Perennial. Tree. Ht 4.5–21 m. Alt 30–1980 m. B, LIM, NW, G, M, KZN

robynsiana Merxm. & A.Schreib.
Perennial. Tree, shrub. Ht 3–25 m. Alt 1036–1183 m. N

rogersii Burtt Davy = **A. nebrownii**

rostrata Sim = **A. senegal** var. **rostrata**

rufobrunnea N.E.Br. = **A. arenaria**

***saligna** (Labill.) H.L.Wendl.
A. cyanophylla Lindl. (9)
Mimosa saligna Labill. (9)
Perennial. Tree, shrub. Ht 3–10 m. Alt 10–700 m. NC, WC, EC

sambesiaca Schinz = **A. robusta** subsp. **clavigera**

schweinfurthii Brenan & Exell var. **schweinfurthii**
Perennial. Shrub, climber. Ht 1.5–12 m. Alt 30–1065 m. B, LIM, M, KZN, EC

senegal (L.) Willd. subsp. *mellifera* (Vahl) Roberty = **A. mellifera** subsp. **mellifera**

senegal (L.) Willd. subsp. *trispinosa* (Stokes) Roberty = **A. senegal** var. **rostrata**

senegal (L.) Willd. var. **leiorhachis** Brenan
A. circummarginata Chiov. (9)
Perennial. Tree, shrub. Ht 2–9 m. Alt 185–1190 m. LIM, NW, M

senegal (L.) Willd. var. **rostrata** Brenan
A. rostrata Sim (9)
A. senegal (L.) Willd. subsp. *trispinosa* (Stokes) Roberty (9)
A. spinosa Marloth & Engl. (9)
A. trispinosa Marloth & Engl. (9)
A. volkii Suess. (9)
Perennial. Tree, shrub. Ht 1.5–8 m. Alt 45–1065 m. N, B, LIM, M, S, KZN

sericocephala Fenzl = **Albizia amara** subsp. **sericocephala**

sieberiana DC. subsp. *vermoesenii* (De Wild.) Troupin var. *vermoesenii* = **A. sieberiana** var. **woodii**

sieberiana DC. subsp. *vermoesenii* (De Wild.) Troupin var. *woodii* (Burtt Davy) Keay & Brenan = **A. sieberiana** var. **woodii**

sieberiana DC. var. *vermoesenii* (De Wild.) Keay & Brenan = **A. sieberiana** var. **woodii**

sieberiana DC. var. **woodii** (Burtt Davy) Keay & Brenan
A. amboensis Schinz (9)
A. sieberiana DC. subsp. *vermoesenii* (De Wild.) Troupin var. *vermoesenii* (9)
A. sieberiana DC. subsp. *vermoesenii* (De Wild.) Troupin var. *woodii* (Burtt Davy) Keay & Brenan (9)
A. sieberiana DC. var. *vermoesenii* (De Wild.) Keay & Brenan (9)
A. vermoesenii De Wild. (9)
A. woodii Burtt Davy (9)
Perennial. Tree. Ht 2–18 m. Alt 30–1525 m. N, B, LIM, G, M, S, KZN

spinosa E.Mey. = **Dichrostachys cinerea** subsp. **africana** var. **africana**

spinosa Marloth & Engl. = **A. senegal** var. **rostrata**

spirocarpa Hochst. ex A.Rich. = **A. tortilis** subsp. **spirocarpa** var. **spirocarpa**

spirocarpoides Engl. = **A. tortilis** subsp. **heteracantha**

stellata (Forssk.) Willd. = **Pterolobium stellatum**

stolonifera Burch. = **A. hebeclada** subsp. **hebeclada**

stolonifera Burch. var. *chobiensis* O.B.Mill. = **A. hebeclada** subsp. **chobiensis**

stuhlmannii Taub.
Perennial. Shrub. Ht 1.5–3.6 m. Alt 490–610 m. LIM

swazica Burtt Davy
Perennial. Tree, shrub. Ht 1–8 m. Alt 90–1005 m. LIM, M, S, KZN

tenax Marloth = **A. mellifera** subsp. **detinens**

tenuispina I.Verd.
A. permixta Burtt Davy var. *glabra* Burtt Davy (9)
Perennial. Shrub. Ht 0.5–4.5 m. Alt 695–1650 m. LIM, NW, G

terminalis in sense of Court, not of (Salisb.) J.F.Macbr., misapplied name = **A. elata**

terminalis (Salisb.) J.F.Macbr.
Perennial. Tree. Ht 9–11 m. Alt ?–1320 m. LIM, WC, EC

theronii P.P.Swartz
A. montana P.P.Swartz (20)
Perennial. Tree. Ht 4–6 m. Alt? M, KZN

tortilis (Forssk.) Hayne subsp. **heteracantha** (Burch.) Brenan
A. heteracantha Burch. (9)
A. litakunensis Burch. (9)
A. maras Engl. (9)
